BUREAU OF VITAL STATISTICS
Stewart G. Thompson, D. P. H. *Director*
Jacksonville

Foreword

During the calendar year 1933, a total of 1,671 Doctors of Medicine registered as practitioners holding Florida licenses, as compared with the total of 1,614 for 1932, a total of 1,641 for 1931, a total of 1,552 for 1930, a total of 1,504 for 1929 and a total of 1,430 for 1928.

A complete alphabetical list appears, showing each doctor's name, address (as of registration date) and telephone number. A second list of doctors is shown by towns, for the convenience of those who wish to refer to the names in a particular city or town.

The information relative to telephone numbers, contained herein, was compiled by the Southern Bell Telephone Company, and should prove very convenient and profitable to the doctors in the state when placing local and long distance calls. In filing a long distance call, be prepared to give the operator the telephone number of the called party. This practice normally results in the more prompt completion of your call.

Chapter 12005, Acts of 1927 is reproduced in full, together with official opinions from the Attorney General pertinent to the interpretation of certain statements contained therein.

Chapter XVII, Compiled General Laws of Florida, 1927—Physicians, will be found in the back of this publication.

Doctors of Medicine

Name	Address	Phone No.
A		
Aber, A. H., Pennsylvania		
Adams, D. H., Titusville		328-W
Adams, G. E., Jacksonville		5-2805
Adams, T. A., Daytona Beach (Col.)		515-J
Adams, T. S., Jacksonville		5-7132
Adamson, W. P., Tampa		H-1017
Adkins, E. H., Miami Beach		
Adolphus, G., Clearwater		2217
Airth, H. F., Live Oak		265
Albaugh, A. P., Tarpon Springs		8106
Albritton, A. B., Wildwood		57
Alexander, M. J., Zolfo Springs		30-L
Alexander, O. R., Winter Haven		439
Alford, N., Jacksonville		5-8933
Alison, J. F., Alabama		
Allen, B., Tampa		M-1166
Allen, O. F., Miami		2-4416
Alsobrook, B. E., Zephyrhills		
Alsobrook, J. W., Plant City		355
Altree, R. F., Tampa		M-61963
Amerise, A. D., Coral Gables		
Ames, A. M., Pensacola		910

Anderson, C., Tampa		3678
Anderson, C. O., St. Petersburg		5757
Anderson, J. J., Georgia		
Anderson, J. L., New York		
Anderson, J. M., Cross City		6
Anderson, J. M., St. Petersburg		4-4118
Anderson, L. M., Lake City		274
Anderson, R. G., South Carolina		
Anderson, T. S., Live Oak		234
Anderson, W. D., Largo		4221
Anderson, W. E., Pensacola		
Andrews, C. A., Tampa		3972
Andrews, C. H., South Carolina		
Andrews, E. D., North Carolina		
Andrews, E. H., Gainesville		1096
Andrews, L. L., Orlando		3141
Andrews, M. M., Orlando		4511
Archie, E. O., Clearwater (Col.)		2-9636
Arms, B. L., Maine		
Armstrong, F. K., Ft. Myers		918
Arnold, L. J., Lake City		230-J
Arnold, W. O., West Palm Beach		2-3313
Aronovitz, S., Miami		2-1565
Ashley, K. C., California		
Ashton, W. L., Umatilla		1-4502
Aulls, E. C., Virginia		
Aurin, E. C., Ft. Ogden		T-505
Ausley, C. M., Tallahassee		168
Austin, E., Plant City		463
Auwers, F. J., Riviera		
Avera, J. B., Georgia		
Ayer, R. B., Gainesville (Col.)		194-W
Aykroyd, W. H., Jacksonville		
B		
Babcock, H. C., Miami		2-5300
Bacon, H., Jacksonville		7-4704
Bailey, F. W., Missouri		
Baker, J. M., Miami		2-6311
Baker, L. A., Miami		3-2790
Baker, R. M., Jacksonville		5-7336
Baker, W. H., Jacksonville (Col.)		
Baker, W. J., Foley		7000
Baldwin, R. E., Tampa		4901
Ballard, I. W., Miami		2-2772
Baltzell, N. A., Marianna		91
Barfield, F. G., Jacksonville		5-0539
Barge, H. A., Miami		2-4851
Barker, F. T., Tampa		4390
Barker, N. B. T., Daytona Beach		
Barnes, B. F., River Junction		77
Barnes, E. M., Tampa		4079
Barnett, R. A., White Springs		9101
Bartee, L. H., Lynn Haven		34
Bartlett, C. W., Tampa		Y-1347
Baskin, J. G., Dunnellon		54
Basso, E. R., Key West		
Bate, J. R., Tallahassee (Col.)		1082
Bates, G. L., Vermont		
Bates, T. H., Lake City		214
Bauer, L. H., New York		
Baugh, W. P., Alabama		
Baumgartner, C. J., Jacksonville		5-3522
Bayless, W. C., Jacksonville		5-2934
Bean, I. F., Melbourne		17
Bearce, H. W., Daytona Beach		
Beardall, H. M., Orlando		6211
Beckman, G. E., Jacksonville		5-1541
Beggs, J. M., Chattahoochee		85
Belcher, I. J., Tarpon Springs		8291
Bell, J. D., Pensacola		402
Bell, K. R., Missouri		
Bennett, J. L., Georgia		
Benson, A. B., Jacksonville (Col.)		
Benton, C. C., Ft. Pierce (Col.)		473-W
Bernau, L. F., Miami		
Bernier, L. J., Massachusetts		
Bertram, A. J., Miami		2-6712
Bertrem, J. W., Greenwood		
Besenbruch, P. W., Davenport		174
Betton, G. W., Jacksonville		
Bevis, H. P., Arcadia		258
Bevis, W. M., Tennessee		
Beyer, A. R., Tampa		2233
Bible, C. J., Miami		2-8686
Bickerstaff, J. H., Pensacola		1212
Biddle, J. K., Ohio		
Biddle, P. D., Arizona		
Bidwell, A. M., Tampa		2008
Bieker, A. M., St. Petersburg		4398
Biggs, E. L., Starke		44
Billingsley, G. D., Miami

Chapter 12005, Acts of 1927

AN ACT to Require the Registration of All Physicians, Surgeons, Osteopaths, Chiropractics, Naturopaths, Midwives and All Others, Practicing the Medical and/or Material Healing Art in the State of Florida; to provide Fees for the same and Penalties for Violation.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF FLORIDA:

SECTION 1. That from and after the passage of this Act every license to practice medicine, osteopathy, chiropractic, naturopathy, midwifery and every other medical and/or material method of the practice of the healing art shall before the licensee begins practice thereunder be recorded in a book for that purpose in the office of the Clerk of the Circuit Court of the County in which he resides, or in which such practice is intended to be carried on with the name, residence, place and date of birth of the licensee and the source, number and date of his license to practice. Before registering, each licensee shall file, to be kept in a bound volume, in the office of the Clerk of the Circuit Court an affidavit of the above facts and also that he is the person named in such license and had before receiving the same complied with all the requirements as to examination required by law; that no money was paid for such license except the regular fee paid by all applicants therefor; that no fraud, misrepresentation or mistake in any material regard was employed by anyone or occurred in order that such license should be granted. The Clerk's fee for recording such license and affidavit shall be the same as for recording a Deed. The Circuit Clerk of each County shall make and report to the Secretary of the State Board of Health on the 31st day of December of each year of all certificates registered by him.

SECTION 2. That every person now lawfully engaged in the practice of medicine, osteopathy, chiropractic, naturopathy, midwifery and other medical and/or material systems of healing and every other person hereafter duly licensed to practice the same shall, on or before the 1st day of January of each year, apply to the Secretary of the State Board of Health for a Certificate of Registration upon a blank form to be furnished by such Secretary and shall pay at such time a fee of One ($1.00) Dollar.

SECTION 3. That every person in making his first registration hereunder, shall write or cause to be written upon the application blank so furnished by the Secretary of the State Board of Health, his full name, postoffice and residence address, the date and number of his license and such other facts for the identification of the applicant as a licensed practitioner as may be deemed necessary and shall duly execute and verify the same before an officer authorized to take acknowledgments of deeds, and shall file the same with the Secretary of the State Board of Health. Registration subsequent to the first registration need not be upon the sworn application unless the Board of Health in particular case, for reasons satisfactory to them, may require that the application be under oath.

SECTION 4. That the Secretary of the State Board of Health, on or before October 1st of each year after the first registration shall mail or cause to be mailed to each person so registered a blank form of application for registration, addressed to the last known post office address of such Registrant. The form of such application shall be such as to contain space for the insertion by the applicant of the information required by the provisions of this Act.

SECTION 5. The Secretary of the State Board of Health shall issue to any duly licensed physician, osteopath, chiropractor, naturopath, midwife and others duly licensed by any State Board to practice the medical and/or material healing art upon his application therefor, in accordance with the provisions hereof, a Certificate of Registration under the seal of the Board for the year ensuing and ending December 31st.

SECTION 6. Every holder of Registration Certificate granted hereunder, shall conspicuously display the same in his office at all times.

SECTION 7. Any person who fails or neglects to register as required by the provisions of this Act, or who shall violate the provisions of this Act, shall upon conviction thereof, be punished by fine of not more than Fifty ($50.00) Dollars.

SECTION 8. This Act shall take effect immediately upon its passage and approval by the Governor, or upon its becoming a law without such approval.

Approved by the Governor, May 28, 1927.

Official Opinions of the Attorney General

OPINION No. 17

REGISTRATION: VETERINARY DOCTORS

In Re: Whether Veterinarians Required to Register Under Chapter 12005, Acts of 1927, Laws of Florida

Chapter 12005, Acts of 1927, Laws of Florida, is entitled:

> "AN ACT to require the registration of all physicians, surgeons, osteopaths, chiropractics, naturopaths, midwives and all others practicing the medical and/or material healing art in the State of Florida; to provide fees for the same and penalties for violation."

There is nothing in either the title or the body of this Act which can be construed as applying to veterinary doctors or surgeons, and I am therefore of the opinion that veterinarians are not required to register under this act.

OPINION No. 18

REGISTRATION: NON-RESIDENTS

I am of the opinion that Senate Bill No. 75, Chapter 12005, Laws of 1927, contemplates that doctors, whether practicing or not, shall register annually with the State Board of Health.

The purpose of this registration seems to be mainly to preserve information as to the whereabouts of the physicians licensed to practice rather than a registration of those physicians actually engaged in practice. The statute says that all those licensed to practice who at the time the statute was enacted were lawfully engaged in the practice of medicine should register annually as required in the Act.

If a person applies for a license to practice medicine and engages in some other occupation he would probably be exempt from registration under the Act by notifying the jury to that effect.

OFFICIAL OPINIONS

OPINION No. 19

LICENSE RECORDED COUNTY WHERE PRACTICING

Section 1 of Senate Bill No. 75, approved May 28th, 1927, provides:

> "That from and after the passage of this Act every license to practice * * * shall before the licensee begins to practice thereunder be recorded in a book for that purpose in the office of the Clerk of the Circuit Court of the County in which he resides or in which such practice is intended to be carried on. * * *"

It is apparent from this provision, taken in connection with other provisions of the Act, that if a physician has his license recorded in the County in which he resides and intends to practice, it is necessary to have said license recorded in another County whenever he moves from one part of the State to another, or changes his abode from one part of the State to another, as the law requires that the license be recorded in the County "in which such practice is intended to be carried on."

OPINION No. 21

REGISTRATION: DENTISTS—PODIATRISTS

Chapter 12005, Acts of 1927, requires registration of every license to practice medicine, osteopathy, chiropractics, naturopathy, midwifery and every other medical and/or material method of the practice of healing art, before the licensee begins to practice.

I am of the opinion that the words: "every other medical and/or material method of the practice of the healing art," as used in this Act are words of general import which are limited by the specification of the particular words theretofore used and that the principle of noscitur a sociis or ejus idem generis applies and limits the general words to the same class of things as are covered by the specific words.

In short, podiatrists would be required to register as their practice is kindred and similar to the practice of medicine but is limited to a specific portion of the human body.

Dentists on the other hand, can hardly be called practitioners of the same kind of science as ordinary doctors, and, therefore, I think that they are excluded, unless, of course, the practice of dentistry is held to embrace the right to give treatments for human ailments due to correction of dental deficiencies. As I understand the same, some dentists do this and some dentists do not.

It is possible that there might be a distinction between the practice of dentistry and the ordinary practice of medicine. However, if the license of the dentist authorizes, and the practice of his science embraces a certain degree of surgery and therapeutic treatment such as would ordinarily be administered by a physician, a dentist would be as much within the requirement to register as would the podiatrist. As to dentists the question should be determined by a consideration of what the dentist is licensed to do under the rules and regulations of the Dental Board and the laws of Florida.

OPINION No. 22

REGISTRATION: ELECTRO - THERAPEUTISTS—PROFESSIONAL MASSEURS

Section 2 of Chapter 12005 requires all persons engaged in the practice of naturopathy to register with the State Board of Health. Section 1 of Chapter 12286, Acts of 1927, provides for the licensing of naturopaths. The practice of naturopathy is defined as including electro - therapeutics and would also seem to include professional masseurs, which practitioner would fall under the classification of those engaged in the practice of material health science used to aid in the purifying, cleansing and normalizing of the human tissues for the preservation of, and restoration of health.

OFFICIAL OPINIONS

Construing these two laws together it would appear that persons engaged in the practice of electro-therapeutics as well as professional masseurs are engaged in the practice of naturopathy and are, therefore, required to register as such under Chapter 12005, Acts of 1927.

OPINION No. 23

REGISTRATION: ELECTRO - THERAPEUTISTS—PROFESSIONAL MASSEURS

Answering your letter of February 2nd, requesting my opinion as to the status for registration of electro-therapeutists and professional masseurs, it seems to me clear from the provisions of Chapter 12286, Acts of 1927, that all electro-therapeutists and professional masseurs should have a certificate as such from the State Board of Naturopathic Examiners before they exercise the right to practice their respective professions as such if these two sciences use mechanical, psychological or material health sciences and to aid in purifying, cleansing and normalizing human tissues for the preservation or restoration of health according to the fundamental principles of anatomy, physiology, and applied psychology as it is apparent that they do.

Of course, if the Naturopathic Board of Examiners has not issued any license to electro-therapeutists and professional masseurs the provisions of Chapter 12005, Laws of Florida, requiring them to register certificates cannot be applied, as the purpose of Chapter 12005 was to secure the registration of all professional certificates relating to the healing art as a means of checking up on those who are practicing without any certificate as required by law.

OPINION No. 32

REGISTRATION HEALING ARTS—PENALTY

Physicians, surgeons, osteopaths, naturopaths, midwives or other persons practicing medical or material healing arts, who fail to comply with the provisions of Sections 3398 to 3403, Compiled Laws, 1927, relating to registration of all persons practicing the medical or material healing arts is subject to a prosecution for such failure but the failure itself will not prevent the practitioner from complying with the same and thereby avoiding liability for unlawful practice in the future.

I am, therefore, of the opinion that if an individual has failed to register for 1928 although engaged in practice, he is guilty of a violation of the statute, which may subject him to criminal prosecution, but yet at the same time there is nothing in the statute which authorizes the withholding from him of a 1929 registration or in requiring him to register for 1928, before he is authorized to register for 1929.

The purpose of the provisions of this Act as has been previously pointed out is to furnish a current record of those presently engaged in practice for the particular year in question.

There is nothing in the Act which prohibits a physician who practiced in 1928 without registration from now filing his registration for the year 1928 in order to have recorded the fact that he did practice during 1928 but such filing subsequent to the time fixed in the statute will not by itself exempt him from liability which he has already incurred from the practice without the proper registration.

OPINION No. 33

REGISTRATION HEALING ARTS—COMBINED

Answering your request of the 17th inst. for my opinion in the premises, I beg to advise that I am of the opinion that a requirement for registration of those licensed to practice medicine, osteopathy, chiropractics, etc., as found in Senate Bills Nos. 75, 77 and 366, all relate to one and the same registration although the requirement is repeated separately in each of these Acts.

Under this construction, it is not necessary that physicians register more than one time with the Bureau although there are two separate statutes which require such registration.

Compiled General Laws of Florida, 1927

CHAPTER XVII

Physicians

3404. **Board; qualifications.**—A board is hereby established to be known by the name and style of the State board of medical examiners; said board shall be composed of ten practicing physicians of integrity and ability, who shall be residents of and duly licensed to practice medicine in this State, and who shall have graduated from reputable medical schools and have been engaged in the active practice of their profession within this State for at least a period of five years, but none of them shall be connected in any way with any medical college; said board shall perform such duties and possess and exercise such powers relative to the protection of the public health and the control and regulation of the practice of medicine in the State as shall in this Chapter be prescribed and conferred upon it. (Ch. 8415, Acts 1921, § 2.)

3405. **Board; how constituted.**—The Governor shall within thirty days after June 10, 1921, appoint ten physicians who shall possess the qualifications specified in section 3404 to constitute the members of this board. Five members of this board shall be allopath physicians, three shall be eclectic physicians and two shall be homeopathic physicians.

The successor of each member shall be an appointee in the same manner.

Said members shall be so classified by the Governor that the term of office of two shall expire in one, three in two, two in three and three in four years from the date of appointment. Annually thereafter the Governor shall appoint two members, each of whom shall serve for a term of four years, and these appointments shall be made so as to preserve the original ratio of allopath, eclectics and homeopathics respectively. The Governor shall have power to remove from office members of the board for neglect of duty required by this Chapter for incompetency or for unprofessional conduct. Any vacancy which may occur in said board in consequence of death, resignation, removal from the State or from other cause shall be filled for the unexpired term by the Governor in the same manner. A majority of the board shall constitute a quorum. (Id. § 3.)

3406. **Members; oath of office.**—Immediately and before entering upon the duties of said office the members of the board shall take the constitutional oath of office and shall file the same in the office of the Secretary of State; and there shall thereupon issue to him a certificate of his appointment. (Id. § 4.)

3407. **Organization; meetings.**—Immediately after the appointment and qualification of said members, said board shall meet and organize. Said board shall elect a president, vice-president, secretary and treasurer from its membership. The office of secretary and treasurer may be held by one person. All salaries shall be fixed and paid by the board. All expenses of the board shall be paid out of funds collected by the board, and the remainder divided equally among the members of the board.

Said board shall hold two regular meetings each year, one in June and one in November at some convenient place in the State and on such date as the board may select, of which meetings notice shall be given by publication thereof once a week for four successive weeks in a newspaper of general circulation throughout the State. Special or call meetings may be held at the discretion of the president. Said board shall adopt a seal, which must be affixed to all licenses issued by it. The board shall from time to time adopt such rules and regulations as it may deem necessary for the performance of its duties, and shall examine and pass upon the qualifications of applicants for the practice of medicine in this State as herein provided. (Ch. 8415, Acts 1921, § 5; Ch. 12285, Acts 1927, § 1.)

3408. **Application for license; admission to examination.**—Any person wishing to obtain the right to practice medicine in this State, who has not

heretofore been registered or licensed so to do, shall, before it shall be lawful for him to practice medicine in this State make application to the board upon such form and in such manner as shall be adopted and prescribed by the board and obtain a license from the board so to do. Unless such person shall have obtained a license as aforesaid, it shall be unlawful for him to practice medicine in this State, and if he shall practice medicine in this State without first having obtained a license, he shall be deemed to have violated the provisions of this Chapter.

The board shall admit to examination any candidate who pays the fee hereinafter provided for and submits evidence verified by oath, satisfactory to the board, that such applicant:

1. Is more than twenty-one years of age and a citizen of the United States or has declared his intention of becoming such citizen.

2. Is of good moral character.

3. Is a graduate of a legally incorporated medical college maintaining a standard satisfactory to the board. (Ch. 8415, Acts 1921, § 6; Ch. 12285, Acts 1927, § 2.)

Penalty for practicing medicine without license: See § 7704.

3409. Recording of license; registration.—This section provides for registration procedures as in Chapter 12005, Acts of 1927.

Actual and regular practice: Cook v. Fernandez, 11 Fla. 100.

3410. Temporary license.—In the discretion of the secretary-treasurer of said board, with the approval of the president, he may issue temporary license to an applicant which shall have the same force and effect of a permanent license until the next regular meeting of the board, when said license shall become void. Said license shall not be recorded. (Ch. 8415, Acts 1921, § 8.)

3411. Accredited colleges.—The board of medical examiners are hereby empowered under this Chapter to pass upon the good standing and reputability of any medical college.

In determining the reputability of any medical college, the right to investigate and make a personal inspection of the same is hereby authorized. (Id. § 9.)

3412. Methods and subjects of examination.—The examination of applicants for license to practice medicine shall be made by said board according to the methods deemed by it to be the most practical and expeditious to test the applicant's qualifications. The board shall require the examination to be in writing. Each applicant shall be designated by a number instead of his name so that his identity shall not be disclosed to the members of the board until after the examination papers are graded. Examinations shall be in the following subjects: Anatomy, physiology, chemistry, hygiene, surgery, therapeutics, obstetrics, gynecology, pathology, diagnosis, medical jurisprudence and practice of medicine. (Id. § 10.)

3413. Fees.—There shall be paid to the secretary-treasurer of said board by each applicant for license by examination a fee of twenty-five dollars which shall accompany the application. The same fee shall be charged for issuing temporary license, which shall include the fee of examination for permanent license. No part of any fee is returnable under any circumstances, nor shall this Chapter be construed as affecting or changing laws in reference to license tax to be paid by physicians and surgeons. (Ch. 8415, Acts 1921, § 11; Ch. 12285, Acts 1927, § 4.)

COMPILED GENERAL LAWS OF FLORIDA, 1927

3414. **Powers of board; prosecution.**—The said board shall have power to administer oaths, to summon witnesses and to take testimony in all matters relating to its duties. Said board shall issue license to practice medicine to all persons who shall furnish satisfactory evidence of attainments and qualifications under the provisions of this Chapter, and the rules and regulations under the provisions of this Chapter and the rules and regulations of the board. Such license shall be signed by the president and attested by the secretary-treasurer of the board under its adopted seal, and it shall give absolute authority to the person to whom it is issued to practice medicine in this State. Every unrevoked license and indorsement of recordation made as provided in this Chapter shall be presumptive evidence in all courts and places that the person therein named is legally licensed to practice medicine. It shall be the duty of the secretary-treasurer, under the direction of the board, personally or by deputy to aid the prosecuting attorneys of the State in the enforcement of this Chapter and in the prosecution of persons charged with violation of its provision. (Ch. 8415, Acts 1921, § 12.)

3415. **Refusal to grant license; revocations.**—The license or registration of a practitioner of medicine may be revoked, suspended or annulled, or such practitioner reprimanded upon the following grounds:

(a) That the physician is guilty of fraud in the practice of medicine, or fraud or deceit in his admission to the practice of medicine.

(b) That a physician has been convicted in a court of competent jurisdiction of a felony. The conviction of a felony shall be the conviction of any offense which if committed within the State of Florida would constitute a felony under the laws thereof.

(c) That a physician is engaged in the practice of medicine under a false or assumed name, or the impersonation of another practitioner of a like or different name.

(d) That a physician is addicted to the habitual use of intoxicating liquors, narcotics or stimulants to such an extent as to incapacitate him for the performance of his professional duties.

(e) That a physician is guilty of untrue, fraudulent, misleading or deceptive advertising; or advertising that he can cure or treat diseases by any secret method, procedure, treatment or medicine, or that he can cure a manifestly incurable disease.

(f) The obtaining of a fee on representation that a manifestly incurable disease can be permanently cured.

(g) Causing the publication or circulation of an advertisement of any medicine by means whereby the monthly periods of women can be regulated, or the menses, if suppressed can be established.

(h) Causing the publication or circulation of a fraudulent advertisement relative to any disease of the sexual organs.

(i) The procuring or aiding or abetting in procuring a criminal abortion.

Proceedings for revocation of a license or the annulment of registration shall be begun by filing written charge or charges against the accused. These charges may be preferred by any person or corporation or the board may, on its own motion, direct the executive officer of said board to prefer said charges. Said charges shall be filed with the secretary-treasurer of said board; upon the filing of said charges as herein provided, a time and place for the hearing of said charges shall be fixed by said board as soon as convenient, and a copy of the charges, together with a notice of the time and place when they will be heard and determined shall be served upon the accused at least ten days before the date actually fixed for said hearing. At said hearing the accused shall have the right to cross-examine the witnesses against him, and to produce witnesses in his defense, and to appear personally

or by counsel. Said board may, upon satisfactory proof made that any licentiate has been guilty of any of the charges against him, suspend such licentiate from the practice of medicine, and call in the license of said licentiate upon a two-thirds majority vote of the board; Provided, however, that such suspended physician may have the proceedings of said board reviewed by certiorari to the circuit court of the circuit in which said license is recorded. The accused shall have the right to demand a trial de novo before the circuit court, and thereafter the court shall hear and determine the guilt or innocence of the accused according to the evidence and law applicable to the facts which shall be produced before him, and unless the guilt of the accused shall appear beyond a reasonable doubt, the court shall render the decision in favor of the accused and restore him to all rights to practice under this Chapter. Said writ shall issue upon the petition of the person whose license has been revoked, at any time within ninety days after such revocation. Appeals from any decision of the circuit court may be taken to the Supreme Court of Florida in the same manner and subject to like condition as appeals in chancery are taken. In the event that any such license shall be revoked or registration annulled under the provisions of this Chapter, the said board shall forthwith transmit to the clerk of the circuit court or courts in which said accused is registered as a physician, a certificate under its seal, certifying that such registration has been annulled, and such clerk shall, upon receipt of such certificate, file the same and forthwith mark such registration "annulled."

Any person who shall practice after his license has been revoked and registration annulled, shall be deemed to have practiced medicine without a license. However, at any time after six months from the date of said conviction, said board may, by a majority vote, issue a new license, or grant a license to the person affected, restoring or conferring all the rights and privileges of and pertaining to the practice of medicine as defined and regulated by this Chapter; the fee therefor shall be the same as upon the issuance of the original license. (Ch. 8415, Acts 1921, § 13; Ch. 12285, Acts 1927, § 5.)

3416. Definition of practice of medicine.—A person practicing medicine within the meaning of this Chapter, except as hereinafter stated, who holds himself out as being able to diagnose, treat, operate or prescribe for any human disease, pain, injury, deformity or physical condition or who shall offer or undertake by any means or method to diagnose, treat, operate or prescribe for any human disease, pain, injury, deformity or physical condition. This Chapter shall not be construed to affect commissioned medical officers serving in the United States Army, Navy or public health service while so commissioned, or any one while actually serving without salary or professional fees on the resident medical staff of any legally incorporated hospital; or any legally registered dentist exclusively engaged in the practice of dentistry; or any person or manufacturer who without the use of drugs or medicines mechanically fits or sells lenses, artificial eyes, limbs or other apparatus or appliances, or is engaged in the mechanical examination of eyes for the purpose of constructing or adjusting spectacles, eye glasses or lenses; or any lawfully qualified physician in other States or counties, meeting legally registered physicians in this State in consultation; or any physician duly registered in one county called to attend isolated cases in another county, but not residing or habitually practicing therein; or the furnishing of medical assistance in case of emergency; or the domestic administration of family remedies; or the practice of chiropody; or osteopathy by osteopaths who have been duly licensed by the State board of osteopathic examiners; or chiropractic by chiropractors, who have been duly licensed by the State board of chiropractic examiners; or naturopathic examiners; or nurses or midwives; or the practice of the religious tenets of any church, or to any office assistant of a legally licensed practitioner of medicine, rendering such assistance as is usually rendered by a nurse, and who shall work only under the direct supervision and express

orders of his or her employer, in his office, and not otherwise. (Ch. 8415, Acts 1921, § 14; Ch. 12285, Acts 1927, § 6.)

7704. Practicing medicine without license, etc.—Any licensed physician who fails or neglects to register by January 1st of any year as required by the provisions of sections 3404-3416, shall upon conviction be punished by a fine of not more than fifty dollars.

Any person who shall

(a) Sell, or fraudulently obtain or furnish any medical diploma, license record or registration, or aid or abet in the same, or

(b) Practice medicine under cover of any diploma, license, record or registration illegally or fraudulently obtained or secured, or issued unlawfully on fraudulent representation; or

(c) Advertise to practice medicine under a name other than his own or under an assumed name; or

(d) Falsely impersonate another practitioner of a like or different name, and

Any person who not being then lawfully licensed and authorized to practice medicine in this State, shall

(a) Practice or advertise to practice medicine,

(b) Use in connection with his name any designation tending to imply or designate him as a practitioner of medicine; and

(c) Use the title "Doctor," or any abbreviation thereof in connection with his name, or with any trade name in the conduct of any occupation or profession, involving or pertaining to the public health, or the diagnosis or treatment of any human disease, pain, injury, deformity or physical condition unless duly licensed by a board created under the laws of the State of Florida; and

Any person who during the time his license to practice medicine shall be suspended or revoked, shall practice medicine,

Shall upon conviction be punished by a fine of not more than one thousand dollars, or by imprisonment for not more than five years, or by both such fine and imprisonment, in the discretion of the court. (Ch. 8415, Acts 1921, § 15; Ch. 12285, Acts 1927, § 7.)

General Note on Chapter

Action for services: Boyd v. E. O. Painter Fertilizer Co., 83 Fla. 429, 91 So. 557.

Information concerning members constituting above Board submitted by Honorable R. A. Gray, Secretary of State, February 16, 1934.

Letter of Transmittal

FLORIDA STATE BOARD OF HEALTH
CENTRAL BUREAU OF VITAL STATISTICS

Jacksonville, Florida, March 1, 1934

SIR:

I transmit herewith the Annual Report on the registration of Doctors of Osteopathy who are licensed to practice in this State, which is the sixth annual compilation of such information prepared by the Bureau of Vital Statistics. It is based on original applications filed as provided for in Chapter 12005, Laws of Florida, Acts of 1927. A copy of this report has been placed in the hands of each person who registered as indicated in the official list herewith. A small supply of the report has been placed on file to be given out to individuals who may be licensed during the current year.

This sixth annual report contains a complete list showing the names and addresses of individuals who have registered for the calendar year 1933. I am also transmitting to you in a separate report, a complete list of those who registered for 1932 but failed to register again for 1933.

Respectfully,

Stuart G. Thompson

Director of Vital Statistics

HENRY HANSON, M. D.

Secretary, State Board of Health

Foreword

During the calendar year 1933, a total of 326 Doctors of Osteopathy registered as practitioners holding Florida licenses, as compared with the total of 336 for 1932, a total of 349 for 1931, a total of 336 for 1930, a total of 303 for 1929 and a total of 253 for 1928.

A complete alphabetical list appears, showing each doctor's name, address (as of registration date) and telephone number. A second list of doctors is shown by towns, for the convenience of those who wish to refer to the names in a particular city or town.

The information relative to telephone numbers, contained herein, was compiled by the Southern Bell Telephone Company, and should prove very convenient and profitable to the doctors in the state when placing local and long distance calls. In filing a long distance call, be prepared to give the operator the telephone number of the called party. This practice normally results in the more prompt completion of your call.

Chapter 12005, Acts of 1927 is reproduced in full, together with official opinions from the Attorney General pertinent to the interpretation of certain statements contained therein.

Chapter XVIII, Compiled General Laws of Florida, 1927—Osteopaths, will be found in the back of this publication.

Chapter 12005, Acts of 1927

AN ACT to Require the Registration of All Physicians, Surgeons, Osteopaths, Chiropractics, Naturopaths, Midwives and All Others, Practicing the Medical and/or Material Healing Art in the State of Florida; to provide Fees for the same and Penalties for Violation.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF FLORIDA:

SECTION 1. That from and after the passage of this Act every license to practice medicine, osteopathy, chiropractic, naturopathy, midwifery and every other medical and/or material method of the practice of the healing art shall before the licensee begins practice thereunder be recorded in a book for that purpose in the office of the Clerk of the Circuit Court of the County in which he resides, or in which such practice is intended to be carried on with the name, residence, place and date of birth of the licensee and the source, number and date of his license to practice. Before registering, each licensee shall file, to be kept in a bound volume, in the office of the Clerk of the Circuit Court an affidavit of the above facts and also that he is the person named in such license and had before receiving the same complied with all the requirements as to examination required by law; that no money was paid for such license except the regular fee paid by all applicants therefor; that no fraud, misrepresentation or mistake in any material regard was employed by anyone or occurred in order that such license should be granted. The Clerk's fee for recording such license and affidavit shall be the same as for recording a Deed. The Circuit Clerk of each County shall make and report to the Secretary of the State Board of Health on the 31st day of December of each year of all certificates registered by him.

SECTION 2. That every person now lawfully engaged in the practice of medicine, osteopathy, chiropractic, naturopathy, midwifery and other medical and/or material systems of healing and every other person hereafter duly licensed to practice the same shall, on or before the 1st day of January of each year, apply to the Secretary of the State Board of Health for a Certificate of Registration upon a blank form to be furnished by such Secretary and shall pay at such time a fee of One ($1.00) Dollar.

SECTION 3. That every person in making his first registration hereunder, shall write or cause to be written upon the application blank so furnished by the Secretary of the State Board of Health, his full name, postoffice and residence address, the date and number of his license and such other facts for the identification of the applicant as a licensed practitioner as may be deemed necessary and shall duly execute and verify the same before an officer authorized to take acknowledgments of deeds, and shall file the same with the Secretary of the State Board of Health. Registration subsequent to the first registration need not be upon the sworn application unless the Board of Health in particular case, for reasons satisfactory to them, may require that the application be under oath.

SECTION 4. That the Secretary of the State Board of Health, on or before October 1st of each year after the first registration shall mail or cause to be mailed to each person so registered a blank form of application for registration, addressed to the last known post office address of such Registrant. The form of such application shall be such as to contain space for the insertion by the applicant of the information required by the provisions of this Act.

SECTION 5. The Secretary of the State Board of Health shall issue to any duly licensed physician, osteopath, chiropractor, naturopath, midwife and others duly licensed by any State Board to practice the medical and/or material healing art upon his application therefor, in accordance with the provisions hereof, a Certificate of Registration under the seal of the Board for the year ensuing and ending December 31st.

SECTION 6. Every holder of Registration Certificate granted hereunder, shall conspicuously display the same in his office at all times.

SECTION 7. Any person who fails or neglects to register as required by the provisions of this Act, or who shall violate the provisions of this Act, shall upon conviction thereof, be punished by fine of not more than Fifty ($50.00) Dollars.

SECTION 8. This Act shall take effect immediately upon its passage and approval by the Governor, or upon its becoming a law without such approval.

Approved by the Governor, May 28, 1927.

Official Opinions of the Attorney General

OPINION No. 17

REGISTRATION: VETERINARY DOCTORS

In Re: Whether Veterinarians Required to Register Under Chapter 12005, Acts of 1927, Laws of Florida

Chapter 12005, Acts of 1927, Laws of Florida, is entitled:

> "AN ACT to require the registration of all physicians, surgeons, osteopaths, chiropractics, naturopaths, midwives and all others practicing the medical and/or material healing art in the State of Florida; to provide fees for the same and penalties for violation."

There is nothing in either the title or the body of this Act which can be construed as applying to veterinary doctors or surgeons, and I am therefore of the opinion that veterinarians are not required to register under this act.

OPINION No. 18

REGISTRATION: NON-RESIDENTS

I am of the opinion that Senate Bill No. 75, Chapter 12005, Laws of 1927, contemplates that doctors, whether practicing or not, shall register annually with the State Board of Health.

The purpose of this registration seems to be mainly to preserve information as to the whereabouts of the physicians licensed to practice rather than a registration of those physicians actually engaged in practice. The statute says that all those licensed to practice who at the time the statute was enacted were lawfully engaged in the practice of medicine should register annually as required in the Act.

If a person applies for a license to practice medicine and engages in some other occupation he would probably be exempt from registration under the Act by notifying the jury to that effect.

OFFICIAL OPINIONS

OPINION No. 19

LICENSE RECORDED COUNTY WHERE PRACTICING

Section 1 of Senate Bill No. 75, approved May 28th, 1927, provides:

> "That from and after the passage of this Act every license to practice * * * shall before the licensee begins to practice thereunder be recorded in a book for that purpose in the office of the Clerk of the Circuit Court of the County in which he resides or in which such practice is intended to be carried on. * * *"

It is apparent from this provision, taken in connection with other provisions of the Act, that if a physician has his license recorded in the County in which he resides and intends to practice, it is necessary to have said license recorded in another County whenever he moves from one part of the State to another, or changes his abode from one part of the State to another, as the law requires that the license be recorded in the County "in which such practice is intended to be carried on."

OPINION No. 21

REGISTRATION: DENTISTS—PODIATRISTS

Chapter 12005, Acts of 1927, requires registration of every license to practice medicine, osteopathy, chiropractics, naturopathy, midwifery and every other medical and/or material method of the practice of healing art, before the licensee begins to practice.

I am of the opinion that the words: "every other medical and/or material method of the practice of the healing art," as used in this Act are words of general import which are limited by the specification of the particular words theretofore used and that the principle of noscitur a sociis or ejus idem generis applies and limits the general words to the same class of things as are covered by the specific words.

In short, podiatrists would be required to register as their practice is kindred and similar to the practice of medicine but is limited to a specific portion of the human body.

Dentists on the other hand, can hardly be called practitioners of the same kind of science as ordinary doctors, and, therefore, I think that they are excluded, unless, of course, the practice of dentistry is held to embrace the right to give treatments for human ailments due to correction of dental deficiencies. As I understand the same, some dentists do this and some dentists do not.

It is possible that there might be a distinction between the practice of dentistry and the ordinary practice of medicine. However, if the license of the dentist authorizes, and the practice of his science embraces a certain degree of surgery and therapeutic treatment such as would ordinarily be administered by a physician, a dentist would be as much within the requirement to register as would the podiatrist. As to dentists the question should be determined by a consideration of what the dentist is licensed to do under the rules and regulations of the Dental Board and the laws of Florida.

OPINION No. 22

REGISTRATION: ELECTRO - THERAPEUTISTS—PROFESSIONAL MASSEURS

Section 2 of Chapter 12005 requires all persons engaged in the practice of naturopathy to register with the State Board of Health. Section 1 of Chapter 12286, Acts of 1927, provides for the licensing of naturopaths. The practice of naturopathy is defined as including electro - therapeutics and would also seem to include professional masseurs, which practitioner would fall under the classification of those engaged in the practice of material health science used to aid in the purifying, cleansing and normalizing of the human tissues for the preservation of, and restoration of health.

OFFICIAL OPINIONS

Construing these two laws together it would appear that persons engaged in the practice of electro-therapeutics as well as professional masseurs are engaged in the practice of naturopathy and are, therefore, required to register as such under Chapter 12005, Acts of 1927.

OPINION No. 23

REGISTRATION: ELECTRO - THERAPEUTISTS—PROFESSIONAL MASSEURS

Answering your letter of February 2nd, requesting my opinion as to the status for registration of electro-therapeutists and professional masseurs, it seems to me clear from the provisions of Chapter 12286, Acts of 1927, that all electro-therapeutists and professional masseurs should have a certificate as such from the State Board of Naturopathic Examiners before they exercise the right to practice their respective professions as such if these two sciences use mechanical, psychological or material health sciences and to aid in purifying, cleansing and normalizing human tissues for the preservation or restoration of health according to the fundamental principles of anatomy, physiology, and applied psychology as it is apparent that they do.

Of course, if the Naturopathic Board of Examiners has not issued any license to electro-therapeutists and professional masseurs the provisions of Chapter 12005, Laws of Florida, requiring them to register certificates cannot be applied, as the purpose of Chapter 12005 was to secure the registration of all professional certificates relating to the healing art as a means of checking up on those who are practicing without any certificate as required by law.

OPINION No. 32

REGISTRATION HEALING ARTS—PENALTY

Physicians, surgeons, osteopaths, naturopaths, midwives or other persons practicing medical or material healing arts, who fail to comply with the provisions of Sections 3398 to 3403, Compiled Laws, 1927, relating to registration of all persons practicing the medical or material healing arts is subject to a prosecution for such failure but the failure itself will not prevent the practitioner from complying with the same and thereby avoiding liability for unlawful practice in the future.

I am, therefore, of the opinion that if an individual has failed to register for 1928 although engaged in practice, he is guilty of a violation of the statute, which may subject him to criminal prosecution, but yet at the same time there is nothing in the statute which authorizes the withholding from him of a 1929 registration or in requiring him to register for 1928, before he is authorized to register for 1929.

The purpose of the provisions of this Act as has been previously pointed out is to furnish a current record of those presently engaged in practice for the particular year in question.

There is nothing in the Act which prohibits a physician who practiced in 1928 without registration from now filing his registration for the year 1928 in order to have recorded the fact that he did practice during 1928 but such filing subsequent to the time fixed in the statute will not by itself exempt him from liability which he has already incurred from the practice without the proper registration.

OPINION No. 33

REGISTRATION HEALING ARTS—COMBINED

Answering your request of the 17th inst. for my opinion in the premises, I beg to advise that I am of the opinion that a requirement for registration of those licensed to practice medicine, osteopathy, chiropractics, etc., as found in Senate Bills Nos. 75, 77 and 366, all relate to one and the same registration although the requirement is repeated separately in each of these Acts.

Under this construction, it is not necessary that physicians register more than one time with the Bureau although there are two separate statutes which require such registration.

Compiled General Laws of Florida, 1927

CHAPTER XVIII

Osteopaths

3417. **Definition.**—The words "osteopathic medicine" as used in this Chapter is the name of that system or school of medicine which is taught and practiced in the standard colleges of osteopathy and surgery as hereinafter set forth. (Ch. 12287, Acts of 1927, § 1.)

3418. **License required.**—It shall be unlawful for any person to practice osteopathic medicine and surgery without a license. (Id. § 2.)

3419. **Other schools of medicine, surgery and chiropractic not affected.**—The practice of medicine, surgery and chiropractic by duly licensed practitioners under the laws of this State, shall in no way be affected by the provisions of this Chapter. (Id. § 3.)

3420. **Former license.**—The holder of a license or certificate heretofore issued under the laws of this State authorizing the practice of osteopathy shall present to the said board [State board of osteopathic medical examiners] said license or certificate and a new license or certificate under this Chapter shall be issued to the holder thereof. (Id. § 4.)

3421. **State board.**—Within thirty days after May 26, 1927, the Governor of the State shall appoint six examiners who shall be regularly licensed osteopathic physicians in good standing in this State, and who have been so engaged for a period of at least two years immediately prior to their appointment, two of whom shall be appointed for the term of one year, two for the term of two years, and two for the term of three years, and thereafter it shall be the duty of the Governor to appoint or re-appoint two examiners each year for a term of three years after the term theretofore appointed shall expire, but each examiner shall continue in office until his successor is appointed. The Governor shall call the first meeting of the board, and at such meeting the board shall organize, electing from the members a chairman, vice-chairman, secretary and treasurer; and annually thereafter on the first Tuesday in October the board shall meet in annual meeting and elect officers for the ensuing year. A majority of said board shall constitute a quorum. The said examiners shall be known and constitute the State Board of osteopathic medical examiners hereinafter referred to as the board. Said board shall have and use a common seal and have all the rights and powers to make and adopt all necessary rules and regulations and by-laws relating to the enforcement of the provisions of this Chapter and not inconsistent herewith. Examination shall be made at least twice a year, at the time and place fixed by said board, of which examination all applicants shall be notified in writing. The compensation of examiners shall be fixed by the by-laws of said board, but in no case shall it exceed the fees collected from applicants. (Id. § 5.)

3422. **Application for examination.**—Each applicant for the examination provided in this Chapter shall comply with the following requirements:

1. Make application for examination on blank forms prepared and furnished by the State board of osteopathic medical examiners.

2. Submit evidence verified on oath and satisfactory to the said board that applicant is twenty-one years of age or over.

3. Is of good moral character.

4. Is a citizen of the United States.

5. Is a graduate of a legally incorporated college of osteopathy and surgery maintaining a standard satisfactory to the board.

COMPILED GENERAL LAWS OF FLORIDA, 1927

6. Pay in advance to the board, fees as follows:
   (a) For examination of an osteopathic physician and surgeon $25.00
   (b) For issuance of license 5.00
   (c) For the license of one applying therefor under the provisions of section 3427 ..... 25.00

(Id. § 6.)

3423. Professional education.—Standards of professional education are fixed as follows:

1. To practice as an osteopathic physician and surgeon:

(a) The applicant shall be a graduate of a professional school or college of osteopathy which requires as a prerequisite to graduation a four years' course of nine months each, covering the standard curriculum, as defined in section 3424, and giving instructions in all the subjects necessary to educate a thoroughly competent general osteopathic physician and surgeon, including obstetrics and surgery, and embodying instructions in anesthetics, antiseptics, germicides, parasiticides, narcotics, and antidotes, to teach principles of surgery and surgical diagnosis leading to the degree of osteopathic physician or doctor of osteopathy.

Physicians and surgeons of the osteopathic school of medicine are to be of equal rank and grade as the physicians and surgeons of the other three schools of medicine designated as allopathic, homeopathic and eclectic, to have all the rights except to use drugs not taught in the standard colleges or schools of osteopathy: Provided, however, that no osteopathic physician licensed under this Chapter shall practice major surgery who has not had a four-year course in an accredited osteopathic school or college, or the equivalent thereof. (Id. § 7.)

3424. Colleges of osteopathy defined.—The term "standard college of osteopathy" shall be defined as follows: A legally chartered osteopathic college requiring before granting the degree of doctor of osteopathy, an actual attendance at such osteopathic college of at least thirty-six months or four terms of nine months each, its course of study to include the subjects as follows:

Anatomy (descriptive, regional, applied, surgical and dissection).

Embryology.

Chemistry (advanced to include organic and physiological chemistry and toxicology).

Histology.

Physiology.

Bacteriology.

Hygiene.

Hydrotherapy.

X-radiance and electrical diagnosis.

Dietetics.

Practice of osteopathic medicine:

(a) Principles of osteopathy.

(b) Practice of osteopathic medicine: Therapeutics, to include diseases of nervous system, alimentary tract, heart and vascular system, genito-urinary diseases, ductless glands and metabolism, respiratory tract, bone and joint diseases.

(d) Corrective gymnastics, physio-therapy.

(e) Acute and infectious diseases, pediatrics, dermatology, syphilis, psychiatry, diagnosis (physical, laboratory and differential) clinical surgery.

COMPILED GENERAL LAWS OF FLORIDA, 1927

Eye, ear, nose and throat.

Gynecology.

Obstetrics.

Professional ethics and efficiency.

Medical jurisprudence.

And all such other subjects as may be required and taught by standard colleges of osteopathy and surgery. (Id. § 8.)

3425. **Examination of osteopathic physicians and surgeons.**—The examination of those who desire to practice as osteopathic physicians and surgeons shall embrace those general subjects and topics including:

1. Anatomy.
2. Chemistry.
3. Physiology.
4. Pathology.
5. Hygiene.
6. Toxicology.
7. Diagnosis.
8. Therapeutics.
9. Surgery.
10. Gynecology.
11. Obstetrics.
12. Medical jurisprudence.
13. Practice of osteopathic medicine.

A knowledge of which is commonly and generally required of candidates for a degree of doctor of osteopathy by a standard osteopathic college in the United States. (Id. § 9.)

3426. **License issued.**—Each applicant who successfully passed the examination shall be entitled to a license, which carries with it the title doctor and physician with rights as defined in section 3423. (Id. § 10.)

3427. **Foreign license.**—The State board of osteopathic medical examiners may also in its discretion issue a license without examination to an osteopathic physician who is a graduate of a standard college of osteopathy and who has passed an examination for admission into the medical corps of the United States Army, United States Navy, or the United States public health service.

The State board of osteopathic medical examiners shall have no authority to issue a license without examination except as hereinbefore in this section provided:

1. That the applicant is of good moral character.

2. That the requirements to practice in the State, Territory, Country or Province in which the applicant is already licensed be equal to those of this State.

3. That the applicant shall be required to pay the same fees as licentiates by examination. (Id. § 11.)

3428. **Display of license.**—Every holder of a license shall display it in a conspicuous place in his principal office, place of business or employment. (Id. § 12.)

3429. **Privileges and obligations.**—Osteopathic physicians and surgeons shall observe and be subject to all State and municipal regulations relative to reporting births and deaths and all matters pertaining to the public health, with equal rights and obligations as physicians of other schools of medicine, and such reports shall be accepted by the officers of the departments to which the same are made.

COMPILED GENERAL LAWS OF FLORIDA, 1927

Osteopathic physicians and surgeons licensed hereunder shall have the same rights as physicians and surgeons of other schools of medicine with respect to the treatment of cases or holding of offices in public institutions.

It is the intent and purpose of this Chapter to grant to osteopathic physicians and surgeons the right to practice as taught and practiced in the standard colleges of osteopathy. (Id. § 13.)

3430. **Refusal and revocation of license.**—The State board of osteopathic medical examiners may either refuse to issue or may suspend or revoke any license for any one or any combination of the following causes:

1. Conviction of a felony, as shown by a certified copy of the record of the court of conviction.

2. The obtaining of, or an attempt to obtain a license, or practice in the profession, or money or any other thing of value, by fraudulent misrepresentations.

3. Gross malpractice.

4. Continued practice by a person knowingly having an infectious or contagious disease.

5. Advertising by means of knowingly false or deceptive statements.

6. Advertising, practicing or attempting to practice under a name other than one's own.

7. Habitual drunkenness, or habitual addiction to the use of morphine, cocaine, or other habit-forming drugs.

The State board may neither refuse to issue, nor to renew, nor suspend, nor revoke any license, however, for any of these causes, unless the person accused has been given at least twenty days' notice in writing of the charge against him and a public hearing by the State board of osteopathic medical examiners.

The State board of osteopathic medical examiners shall have the power to compel the attendance of witnesses and the production of relevant books and papers for the investigation of matters that may come before them and the presiding officer of said board may administer the requisite oaths and such board shall have the same authority to compel the giving of testimony as is conferred on courts of justice. (Id. § 14.)

7706. **Violation of law relating to practice of osteopathy.**—Each of the following acts constitutes a misdemeanor, punishable upon conviction by a fine of not less than twenty-five dollars nor more than two hundred dollars.

1. The practice of osteopathic medicine or an attempt to practice osteopathic medicine without license.

2. The obtaining of, or an attempt to obtain a license, or practice in the profession for money or any other thing of value by fraudulent misrepresentation.

3. The making of any wilfully false oath or affirmation whenever an oath or affirmation is required by section 3417 et seq.

4. Advertising, practicing or attempting to practice under a name other than one's own. (Ch. 12287, Acts 1927, § 15.)

3431. **Records.**—The State board of osteopathic medical examiners shall keep a record which shall be open to public inspection at all reasonable times, of its proceedings relating to the issuance, refusal, renewal, suspension and revocation of license to practice osteopathic medicine. This record shall also

contain the name, place of business and residence, and the date and number of the license of every registered osteopathic physician (Id. § 16.)

3432. **Recording of license.**—The certification provided for hereinbefore shall, before the person to whom it is granted be entitled to practice by virtue thereof, be recorded in the office of the clerk of the circuit court in the county in which such practitioner may reside or sojourn in a book to be kept by the clerk for that purpose, and when so recorded, the clerk shall certify thereon, under his official seal the fact and date of such record, and shall return such certificate to the person to whom the same was granted, and shall be entitled, for such service, to collect from the holder of such certificate, the legal fee for recording. (Id. § 17.)

3433. **Registration of osteopathic physicians.**—This section provides for registration procedure as in Chapter 12005, Acts of 1927.

3434. **Effect of partial invalidity of Chapter.**—If any section or matter in this Chapter shall be held to be unconstitutional or invalid, it shall not affect the validity of the remaining parts of this Chapter, and said unconstitutional or invalid part may be eliminated from this Chapter and the remaining portion or portions thereof shall be and remain in full force and effect and be as valid as if such invalid clause or section or matter had not been incorporated therein. (Id. § 19.)

Foreword

During the calendar year 1933, a total of 168 Doctors of Chiropractic registered as practitioners holding Florida licenses, as compared with the total of 158 for 1932, a total of 154 for 1931, a total of 148 for 1930 and the total of 144 for 1928 and 1929.

A complete alphabetical list appears, showing each doctor's name, address (as of registration date) and telephone number. A second list of doctors is shown by towns, for the convenience of those who wish to refer to the names in a particular city or town.

The information relative to telephone numbers, contained herein, was compiled by the Southern Bell Telephone Company, and should prove very convenient and profitable to the doctors in the state when placing local and long distance calls. In filing a long distance call, be prepared to give the operator the telephone number of the called party. This practice normally results in the more prompt completion of your call.

Chapter 12005, Acts of 1927 is reproduced in full, together with official opinions from the Attorney General pertinent to the interpretation of certain statements contained therein.

Chapter XIX, Compiled General Laws of Florida, 1927—Chiropractic, will be found in the back of this publication.

Chapter 12005, Acts of 1927

AN ACT to Require the Registration of All Physicians, Surgeons, Osteopaths, Chiropractics, Naturopaths, Midwives and All Others, Practicing the Medical and/or Material Healing Art in the State of Florida; to provide Fees for the same and Penalties for Violation.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF FLORIDA:

SECTION 1. That from and after the passage of this Act every license to practice medicine, osteopathy, chiropractic, naturopathy, midwifery and every other medical and/or material method of the practice of the healing art shall before the licensee begins practice thereunder be recorded in a book for that purpose in the office of the Clerk of the Circuit Court of the County in which he resides, or in which such practice is intended to be carried on with the name, residence, place and date of birth of the licensee and the source, number and date of his license to practice. Before registering, each licensee shall file, to be kept in a bound volume, in the office of the Clerk of the Circuit Court an affidavit of the above facts and also that he is the person named in such license and had before receiving the same complied with all the requirements as to examination required by law; that no money was paid for such license except the regular fee paid by all applicants therefor; that no fraud, misrepresentation or mistake in any material regard was employed by anyone or occurred in order that such license should be granted. The Clerk's fee for recording such license and affidavit shall be the same as for recording a Deed. The Circuit Clerk of each County shall make and report to the Secretary of the State Board of Health on the 31st day of December of each year of all certificates registered by him.

SECTION 2. That every person now lawfully engaged in the practice of medicine, osteopathy, chiropractic, naturopathy, midwifery and other medical and/or material systems of healing and every other person hereafter duly licensed to practice the same shall, on or before the 1st day of January of each year, apply to the Secretary of the State Board of Health for a Certificate of Registration upon a blank form to be furnished by such Secretary and shall pay at such time a fee of One ($1.00) Dollar.

SECTION 3. That every person in making his first registration hereunder, shall write or cause to be written upon the application blank so furnished by the Secretary of the State Board of Health, his full name, postoffice and residence address, the date and number of his license and such other facts for the identification of the applicant as a licensed practitioner as may be deemed necessary and shall duly execute and verify the same before an officer authorized to take acknowledgments of deeds, and shall file the same with the Secretary of the State Board of Health. Registration subsequent to the first registration need not be upon the sworn application unless the Board of Health in particular case, for reasons satisfactory to them, may require that the application be under oath.

SECTION 4. That the Secretary of the State Board of Health, on or before October 1st of each year after the first registration shall mail or cause to be mailed to each person so registered a blank form of application for registration, addressed to the last known post office address of such Registrant. The form of such application shall be such as to contain space for the insertion by the applicant of the information required by the provisions of this Act.

SECTION 5. The Secretary of the State Board of Health shall issue to any duly licensed physician, osteopath, chiropractor, naturopath, midwife and others duly licensed by any State Board to practice the medical and/or material healing art upon his application therefor, in accordance with the provisions hereof, a Certificate of Registration under the seal of the Board for the year ensuing and ending December 31st.

SECTION 6. Every holder of Registration Certificate granted hereunder, shall conspicuously display the same in his office at all times.

SECTION 7. Any person who fails or neglects to register as required by the provisions of this Act, or who shall violate the provisions of this Act, shall upon conviction thereof, be punished by fine of not more than Fifty ($50.00) Dollars.

SECTION 8. This Act shall take effect immediately upon its passage and approval by the Governor, or upon its becoming a law without such approval.

Approved by the Governor, May 28, 1927.

Official Opinions of the Attorney General

OPINION No. 17

REGISTRATION: VETERINARY DOCTORS

In Re: Whether Veterinarians Required to Register Under Chapter 12005, Acts of 1927, Laws of Florida

Chapter 12005, Acts of 1927, Laws of Florida, is entitled:

> "AN ACT to require the registration of all physicians, surgeons, osteopaths, chiropractics, naturopaths, midwives and all others practicing the medical and/or material healing art in the State of Florida; to provide fees for the same and penalties for violation."

There is nothing in either the title or the body of this Act which can be construed as applying to veterinary doctors or surgeons, and I am therefore of the opinion that veterinarians are not required to register under this act.

OPINION No. 18

REGISTRATION: NON-RESIDENTS

I am of the opinion that Senate Bill No. 75, Chapter 12005, Laws of 1927, contemplates that doctors, whether practicing or not, shall register annually with the State Board of Health.

The purpose of this registration seems to be mainly to preserve information as to the whereabouts of the physicians licensed to practice rather than a registration of those physicians actually engaged in practice. The statute says that all those licensed to practice who at the time the statute was enacted were lawfully engaged in the practice of medicine should register annually as required in the Act.

If a person applies for a license to practice medicine and engages in some other occupation he would probably be exempt from registration under the Act by notifying the jury to that effect.

OFFICIAL OPINIONS

OPINION No. 19

LICENSE RECORDED COUNTY WHERE PRACTICING

Section 1 of Senate Bill No. 75, approved May 28th, 1927, provides:

> "That from and after the passage of this Act every license to practice * * * shall before the licensee begins to practice thereunder be recorded in a book for that purpose in the office of the Clerk of the Circuit Court of the County in which he resides or in which such practice is intended to be carried on. * * *"

It is apparent from this provision, taken in connection with other provisions of the Act, that if a physician has his license recorded in the County in which he resides and intends to practice, it is necessary to have said license recorded in another County whenever he moves from one part of the State to another, or changes his abode from one part of the State to another, as the law requires that the license be recorded in the County "in which such practice is intended to be carried on."

OPINION No. 21

REGISTRATION: DENTISTS—PODIATRISTS

Chapter 12005, Acts of 1927, requires registration of every license to practice medicine, osteopathy, chiropractics, naturopathy, midwifery and every other medical and/or material method of the practice of healing art, before the licensee begins to practice.

I am of the opinion that the words: "every other medical and/or material method of the practice of the healing art," as used in this Act are words of general import which are limited by the specification of the particular words theretofore used and that the principle of noscitur a sociis or ejus idem generis applies and limits the general words to the same class of things as are covered by the specific words.

In short, podiatrists would be required to register as their practice is kindred and similar to the practice of medicine but is limited to a specific portion of the human body.

Dentists on the other hand, can hardly be called practitioners of the same kind of science as ordinary doctors, and, therefore, I think that they are excluded, unless, of course, the practice of dentistry is held to embrace the right to give treatments for human ailments due to correction of dental deficiencies. As I understand the same, some dentists do this and some dentists do not.

It is possible that there might be a distinction between the practice of dentistry and the ordinary practice of medicine. However, if the license of the dentist authorizes, and the practice of his science embraces a certain degree of surgery and therapeutic treatment such as would ordinarily be administered by a physician, a dentist would be as much within the requirement to register as would the podiatrist. As to dentists the question should be determined by a consideration of what the dentist is licensed to do under the rules and regulations of the Dental Board and the laws of Florida.

OPINION No. 22

REGISTRATION: ELECTRO - THERAPEUTISTS—PROFESSIONAL MASSEURS

Section 2 of Chapter 12005 requires all persons engaged in the practice of naturopathy to register with the State Board of Health. Section 1 of Chapter 12286, Acts of 1927, provides for the licensing of naturopaths. The practice of naturopathy is defined as including electro - therapeutics and would also seem to include professional masseurs, which practitioner would fall under the classification of those engaged in the practice of material health science used to aid in the purifying, cleansing and normalizing of the human tissues for the preservation of, and restoration of health.

OFFICIAL OPINIONS

Construing these two laws together it would appear that persons engaged in the practice of electro-therapeutics as well as professional masseurs are engaged in the practice of naturopathy and are, therefore, required to register as such under Chapter 12005, Acts of 1927.

OPINION No. 23

REGISTRATION: ELECTRO - THERAPEUTISTS—PROFESSIONAL MASSEURS

Answering your letter of February 2nd, requesting my opinion as to the status for registration of electro-therapeutists and professional masseurs, it seems to me clear from the provisions of Chapter 12286, Acts of 1927, that all electro-therapeutists and professional masseurs should have a certificate as such from the State Board of Naturopathic Examiners before they exercise the right to practice their respective professions as such if these two sciences use mechanical, psychological or material health sciences and to aid in purifying, cleansing and normalizing human tissues for the preservation or restoration of health according to the fundamental principles of anatomy, physiology, and applied psychology as it is apparent that they do.

Of course, if the Naturopathic Board of Examiners has not issued any license to electro-therapeutists and professional masseurs the provisions of Chapter 12005, Laws of Florida, requiring them to register certificates cannot be applied, as the purpose of Chapter 12005 was to secure the registration of all professional certificates relating to the healing art as a means of checking up on those who are practicing without any certificate as required by law.

OPINION No. 32

REGISTRATION HEALING ARTS—PENALTY

Physicians, surgeons, osteopaths, naturopaths, midwives or other persons practicing medical or material healing arts, who fail to comply with the provisions of Sections 3398 to 3403, Compiled Laws, 1927, relating to registration of all persons practicing the medical or material healing arts is subject to a prosecution for such failure but the failure itself will not prevent the practitioner from complying with the same and thereby avoiding liability for unlawful practice in the future.

I am, therefore, of the opinion that if an individual has failed to register for 1928 although engaged in practice, he is guilty of a violation of the statute, which may subject him to criminal prosecution, but yet at the same time there is nothing in the statute which authorizes the withholding from him of a 1929 registration or in requiring him to register for 1928, before he is authorized to register for 1929.

The purpose of the provisions of this Act as has been previously pointed out is to furnish a current record of those presently engaged in practice for the particular year in question.

There is nothing in the Act which prohibits a physician who practiced in 1928 without registration from now filing his registration for the year 1928 in order to have recorded the fact that he did practice during 1928 but such filing subsequent to the time fixed in the statute will not by itself exempt him from liability which he has already incurred from the practice without the proper registration.

OPINION No. 33

REGISTRATION HEALING ARTS—COMBINED

Answering your request of the 17th inst. for my opinion in the premises, I beg to advise that I am of the opinion that a requirement for registration of those licensed to practice medicine, osteopathy, chiropractics, etc., as found in Senate Bills Nos. 75, 77 and 366, all relate to one and the same registration although the requirement is repeated separately in each of these Acts.

Under this construction, it is not necessary that physicians register more than one time with the Bureau although there are two separate statutes which require such registration.

Compiled General Laws of Florida, 1927

CHAPTER XIX

Chiropractic

3435. **Board; qualifications.**—There is hereby created and established a board to be known as the Florida State board of chiropractic examiners, to be composed of three doctors of chiropractic of integrity and ability, who shall at the time of their appointment be actual bona fide residents of the State of Florida for at least two years, continuously, next preceding the time of their appointment, and who are graduates of some recognized school or college teaching anatomy, physiology, bacteriology, pathology and symptomatology. (Ch. 9330, Acts 1923, § 1.)

Penalty for practicing chiropractic in violation of this Chapter: See § 7707.

3436. **Board; how appointed.**—The Governor shall within thirty days after June 7, 1923, appoint three doctors of chiropractic, who shall possess the qualifications specified in section 3435, to constitute the members of this board. (Id. § 2.)

3437. **Board; term of office.**—The term of office of the first members of said board shall be as follows: One member of said board shall be appointed for one year, one for two years, and one for three years, and they shall hold office until their successors are appointed and qualified; thereafter the terms of members of the board shall be for three years: Provided, that appointments to fill vacancies, which the Governor is hereby empowered to make, shall be for the unexpired term. All appointments made by the Governor to fill vacancies on said board shall be made in accordance with the provisions and requirements of this Chapter. (Id. § 3.)

3438. **Board; organization.**—Said board of chiropractic examiners shall convene within thirty days after their appointment and qualification, organize by electing one of their number as president, one as vice-president, and one as secretary-treasurer. At the regular meeting of said board in October of each year, as hereinafter provided, the said board shall reorganize by electing said officers as above specified. (Id. § 4.)

3439. **Board; meetings.**—Said board shall hold regular sessions for examinations at such places as the board may determine, commencing on the second Monday in January and July, respectively, of each year, and shall continue in session until the business before the said board shall have been finished. Special meetings may be called and held at such time and places as the president and secretary-treasurer may determine. At least thirty days' notice of the time and place of all meetings for examinations shall be given by publication once a week for four consecutive weeks in a newspaper of general circulation throughout the State. (Id. § 5.)

3440. **Board; duties.**—The said board shall adopt a seal which shall be affixed to all certificates issued by the said board, and to such other papers requiring the same. The said board shall have the power to make and enforce all proper rules and regulations necessary for the conduct of its business, not in conflict with law. Said board may take testimony concerning any matter within its jurisdiction, and in the discharge of their official duties each member thereof is hereby empowered to administer oaths. (Id. § 6.)

3441.—**Board; licensing.**—All doctors of chiropractic, practicing in the State of Florida, June 7, 1923, and holding certificates to practice chiropractic in the State under the provisions of Chapter 7821, Laws of Florida, Acts of 1919, shall be entitled to receive certificates to practice from the said board, without paying any fee therefor, providing application shall be made to said board prior to January 1st, A. D. 1924. (Id. § 7.)

COMPILED GENERAL LAWS OF FLORIDA, 1927

3442. **Applicants; qualifications.**—Any person wishing the right to practice chiropractic in this State before it shall be lawful for him or her to do so, shall make application to said board of chiropractic examiners, through its secretary-treasurer, in such form and in such manner as may be required by said board, at least twenty days prior to any meeting held for examinations by said board. Each applicant shall be a full time graduate of a recognized chartered chiropractic school or college, and having completed a course of three years of not less than six months each, said school or college requiring not less than three thousand hours active attendance in the same, the time spent in night, or correspondence courses shall not be counted as part of said three thousand hours.

Applications shall be made in applicant's own handwriting, and shall be signed by the applicant in his own handwriting, and shall be sworn to before some officer authorized to administer oaths, and shall recite the history of applicant as to his educational advantages, his experience in matters pertaining to a knowledge of the care of the sick, how long he has studied chiropractic, what collateral branches he has studied, the length of time he has been engaged in clinical practice; accompanying the same by reference thereto, with any proof thereof in the shape of diploma. Certificates of attendance from the school or college from which he is a graduate, stating dates of matriculation, graduation, and number of months and hours in attendance shall also accompany said application, with satisfactory evidence of good character and reputation. (Id. § 8.)

3443. **Fees.**—There shall be paid to the secretary-treasurer of the Florida State board of chiropractic examiners by each applicant for certificate, a fee of twenty-five dollars, which shall accompany the application. A fee of ten dollars shall be charged for a second examination. The board of examiners may grant a license without examination to licentiates of boards from other States who meet the requirements of this Chapter, and shall satisfy the board that it is his intention to become a bona fide resident and practitioner in this State, and shall have passed the examination under board where he was licensed, and a certificate from that board showing that he is of good reputation and has practiced at least one year in the State in which he was licensed. A fee of fifty dollars shall be charged for issuing a license by reciprocity. (Id. § 9.)

3444. **Methods.**—Examination for license to practice chiropractic shall be made by said board according to the method deemed by it to be the most practicable and expeditious to test the applicants' qualifications. Examination papers shall be designated by number, and not by name of applicant, so that the identity of the applicant will not be disclosed to members of the said board until after the examination papers are graded. (Id. § 10.)

3445. **Subjects.**—All examinations shall be made in writing, the subjects of which shall be as follows: Anatomy, physiology, hygiene, symptomatology, nerve-tracing, chiropractic analysis, orthopedia, and adjusting as taught by chiropractic schools and colleges. A certificate shall be granted to all applicants who shall correctly answer seventy-five per centum of all questions asked; and if any applicant shall fail to answer correctly sixty per centum of all questions asked on any one branch of said examination, he or she shall not be entitled to a certificate. (Id. § 11.)

3446. **Definition.**—Any chiropractor who has complied with the provisions of this Chapter may adjust by hand the articulation of the spinal column, but shall not prescribe or administer to any person any medicine or drug now or hereafter included in materia medica, perform any surgery, except as hereinabove stated, nor practice obstetrics or osteopathy. (Id. § 12.)

COMPILED GENERAL LAWS OF FLORIDA, 1927

3447. **To procure license.**—All doctors of chiropractic must first procure a certificate to practice chiropractic from the Florida State board of chiropractic examiners, and present same before State and county tax collector before said tax collector shall issue him or her a State and county license to practice chiropractic in the State of Florida. (Id. § 13.)

3448. **Record of certificates; suspension; revocation; procedure; reissue of certificate.**—All certificates issued by the board shall be in such form as the said board may prescribe. Before any certificate is issued by said board, it shall be numbered and recorded in a book kept for the purpose by the secretary-treasurer, and the number of certificate shall be noted thereon. Such record shall be open to public inspection, and in all actions or proceedings in any court, a transcript, or any part thereof, certified to by the secretary-treasurer under the seal of the said board to be a true copy, shall be entitled to admission in evidence.

The board shall have power at any time to inquire into the identity of any person claiming to hold a certificate to practice chiropractic in the State of Florida, and after due service of a notice in writing, requiring him or her to prove to the satisfaction of said board, that he or she is the person authorized to practice chiropractic under the certificate by virtue of which he or she claims the privilege to practice chiropractic in this State. When the said board finds that a person claiming to be the holder of a certificate to practice chiropractic in said State is not in fact the person to whom the certificate was issued, it shall reduce its findings to writing and file them in its office. Such findings shall be prima facie evidence that the person mentioned therein is falsely impersonating the person to whom a certificate to practice chiropractic in said State was issued of a like or different name.

Charges may be preferred to the board against the holder of certificate to practice chiropractic in said State for fraud or deceit in securing such certificate, or that the holder thereof no longer possesses a good moral character, or that he or she has been convicted of a violation of any law of the State, or that he or she solicits patients through an agent, or that he or she is addicted to the use of narcotic drugs, or in any way or manner is guilty of making false, fraudulent, misleading, extravagant or grossly improbable claims or statements as to the efficacy or value of the science of practice of chiropractic in the cure or treatment of any disease or group of diseases, or in any way is guilty of any deception or fraud in the practice of chiropractic, or has violated any of the provisions of this Chapter. Upon the receipt of such charges, the board upon an affirmative vote of two of its members may suspend the certificate of the person against whom such charges have been preferred. Immediately, but not more than ten days after such suspension, the holder of such certificate so suspended shall be notified thereof in writing, and shall also be furnished with a copy of said charges, and shall also be notified in writing of the time and place for the hearing of said charges by the said board, which notice of the said time and place shall not be more than twenty days from the date of said suspension, further time may be granted by said board for said hearing upon application of the accused. Said notice and copy of said charges may be sent by registered mail, postage prepaid to the last known residence or address of the accused, as shown from the files of the board, which shall be construed as sufficient notice to the accused of the suspension of his or her said certificate, and of the time and place of the hearing by said board of the charges so preferred. The said board is hereby authorized to hold special meetings for the hearing of said charges.

At said hearing the accused shall have the right to cross-examine witnesses against him or her, and produce witnesses in his or her behalf and to appear personally or by counsel. The said board shall keep a record of said hearing, and the testimony so taken and its findings on said charges. If the board by

a unanimous affirmative vote shall sustain said charges, it may revoke said certificate of the accused, and in which event the board shall thereupon give written notice in the same manner as provided for the giving of said notice of suspensions, to the said holder of said certificate, which has been so revoked by said board, whereupon the said holder of said certificate which has been so revoked shall have the right within sixty days to appeal to any court of law or equity having jurisdiction, from the action of said board in revoking said certificate, and the said action of the board shall be subject to review and decision of said court, or of an appellate court, if an appeal be taken. In the event the said holder of said certificate, which has been so revoked shall not within sixty days appeal from the decision of the board, in the manner aforesaid, then the action of said board in revoking said certificate shall be final. The action of the board shall be recorded in the same manner as certificates are recorded, and the name of the person whose certificate is so revoked shall be stricken from the list of certificate holders, and he or she shall be disqualified from practicing chiropractic in the State of Florida. (Id. § 14.)

3449. **Issue and reissue of certificates.**—Said board may, at any time after the refusal or revocation of a certificate for good and sufficient reason appearing to it, by a unanimous vote, issue certificate to the person affected, conferring upon him or her all the rights and privileges of and pertaining to the practice of chiropractic, as defined and regulated by this Chapter. Any person to whom such certificate has been issued, as provided in this section, shall pay to the secretary-treasurer of said board the sum of twenty-five dollars, upon the issuance thereof: Provided, however, that before the said board shall issue a certificate to an applicant to whom certificate has been refused upon the grounds in this Chapter stated, or restored the certificate of any person which may have been revoked, the board shall publish notice in a newspaper of general circulation, once a week for two consecutive weeks, of the application before said board to issue or reissue the certificate of the person to whom a certificate has been refused, or a person whose certificate has been revoked, to the end that opportunity may be afforded to any person to show cause to the board why such application should not be acted upon by said board. (Id. § 15.)

3450. **Recording of certificate.**—Every person who shall receive a certificate from the Florida State board of chiropractic examiners shall have it recorded in the office of the clerk of the circuit court of the county in which he resides, and shall likewise have it recorded in the county to which he may subsequently move for the purpose of practicing chiropractic. The failure or refusal on the part of the holder of a certificate to have it recorded before he or she shall begin the practice of chiropractic in this State, after having been notified by the secretary-treasurer of the said board to do so, shall be sufficient ground to warrant the said board to revoke said certificate and render it null and void. (Id. § 16.)

3451. **Disposition of fees.**—All examination fees received by the State board of chiropractic examiners under this Chapter shall be securely kept by the secretary-treasurer of said board and remitted to or deposited with the State Treasurer of Florida as hereinafter provided. (Id. § 17.)

3452. **Annual statement.**—The secretary-treasurer of said board shall, within thirty days after the adjournment of their regular meeting of said board in January of each year hereafter render a true and correct sworn statement of account to the Comptroller of this State, showing all funds collected or received by the said board, and he shall at the same time remit to the State Treasurer all moneys received by him. (Id. § 18.)

3453. **Duties of State Treasurer.**—The State Treasurer shall receive and keep the said moneys in a special fund to be designated by him and shall pay the same out on warrants drawn by the Comptroller of the State upon vouchers issued and signed by the president and secretary-treasurer of said

board. So much of said money as may be necessary shall be used to defray the necessary expenses of the said board in the discharge of their official duties and as compensation for their services in carrying out the provisions of this Chapter. (Id. § 19.)

3454. **Secretary-treasurer to keep records.**—It shall be the duty of the secretary-treasurer to keep a record or records in which shall be recorded the name and residence of all persons to whom certificates have been granted by the board, as well as the name and residence of all persons who have been refused certificates and the revocation of certificates. He shall also keep accurate books of account and such other books as may be necessary in which to record all the acts and proceedings of said board, said books and records to be open at all reasonable times to public inspection, and subject to examination by the State auditor. (Id. § 20.)

3455. **Bond of secretary-treasurer.**—The said secretary-treasurer of said board shall give bond, to be approved and kept by the Comptroller, in the sum of one thousand dollars, payable to the Governor of Florida, and his successors in office, and conditioned for the faithful performance of his duties, and for the true and accurate accounting and payment of all funds received by him under the provisions of this Chapter to the State Treasurer as herein provided. (Id. § 21.)

3456. **Payment of expenses.**—All members of said board shall receive a per diem of twenty dollars for each day during which they shall be actually engaged in the discharge of their duties, and mileage at the rate of four cents per mile for each mile necessarily traveled in going to and from any place of meeting of said board. Such per diem and mileage, and such other incidental expenses incurred by the said board in the discharge of their duties, including necessary stenographic work for secretary-treasurer, and in compliance with the provisions of this Chapter, shall be paid in the manner as herein provided out of the fund of the said State board of examiners, and not otherwise. (Id. § 22.)

3457. **Accredited colleges.**—The board of chiropractic examiners are hereby empowered under this Chapter to pass upon the good standing and reputability of any chiropractic school or college. In determining the reputation and standing of any chiropractic school or college the right to investigate and make a personal inspection of the same is hereby authorized, such investigation not to be made at the expense of said board. (Id. § 23.)

3458. **Board of health regulations.**—All licensed chiropractors shall observe and be subject to all state and municipal regulations relating to the control of contagious and infectious diseases, sign death certificates and comply with all laws pertaining to public health, reporting to the proper authority as other practitioners are required to do. (Id. § 24.)

3459. **Suspension of board members.**—The Governor may suspend any member of said board for misfeasance, malfeasance, gross inefficiency or misconduct, or upon any of the constitutional grounds upon which officers may be suspended by the Governor of this State. (Id. § 25.)

7707. **Practicing chiropractic without license, etc.**—Any person who shall practice or attempt to practice chiropractic as defined in section 3446, and in violation of the provisions of sections 3435-3462, or any person who shall buy, sell or fraudulently obtain any diploma or license to practice chiropractic, whether recorded or not, who shall use the title chiropractor, D. C., Ph. C., M. C., Bs. C., or any word or title to induce the public to belief that he or she is engaged in the practice of chiropractic, without first complying with the provisions of sections 3435-3462, shall be guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not more than five hundred dollars, or by imprisonment in the county jail for not more than six months, or both fine and imprisonment in the discretion of the court. Each adjustment

or treatment shall constitute a separate offense. Any advertisement or sign of whatsoever nature to induce the public to believe that one is a chiropractor or practices chiropractic, shall be prima facie evidence of his or her guilt: Provided, the person displaying such sign or causing such advertisement, has not been licensed to practice chiropractic under sections 3435-3462. (Ch. 9330, Acts 1923, § 26.)

3460. **Non-interference with other method or science of healing.**—Nothing in this Chapter shall be construed to apply to or in any manner interfere with any other method or science of healing in this State, the person practicing such other method or science of healing having been theretofore licensed to so practice under any law of this State. (Id. § 27.)

3461. **Duties of prosecuting attorneys.**—It shall be the duty of the several State and county prosecuting attorneys of this State to prosecute all persons charged with the violation of any of the provisions of this Chapter, and it shall be the duty of the secretary-treasurer of the board, under the direction of said board, to assist said prosecuting attorneys by furnishing them evidence of violations of this Chapter whenever they come into possession of same. The board may employ an attorney at law to assist the said prosecuting attorneys in all prosecutions under this Chapter, or may employ an attorney at law to prosecute violation of this Chapter independent of such prosecuting attorneys. (Id. § 28.)

3462. **Effect of partial invalidity of Chapter.**—If for any reason any section, provision, clause or any part of this Chapter shall be held to be unconstitutional and invalid, then that fact shall not affect or destroy the validity or constitutionality of any other section, provision, clause or part of this Chapter, which is not in and of itself unconstitutional or invalid and the remaining portions of this Chapter shall be enforced without regard to the section, provision, clause or part so held to be invalid. (Id. § 29.)

T. W. Evans, N. D., Miami

Information concerning members constituting above Board submitted by Honorable R. A. Gray, Secretary of State, February 16, 1934.

Letter of Transmittal

FLORIDA STATE BOARD OF HEALTH
CENTRAL BUREAU OF VITAL STATISTICS

Jacksonville, Florida, March 1, 1934

SIR:

I transmit herewith the Annual Report on the registration of Doctors of Naturopathy who are licensed to practice in this State, which is the sixth annual compilation of such information prepared by the Bureau of Vital Statistics. It is based on original applications filed as provided for in Chapter 12005, Laws of Florida, Acts of 1927. A copy of this report has been placed in the hands of each person who registered as indicated in the official list herewith. A small supply of the report has been placed on file to be given out to individuals who may be licensed during the current year.

This sixth annual report contains a complete list showing the names and addresses of individuals who have registered for the calendar year 1933. I am also transmitting to you in a separate report, a complete list of those who registered for 1932 but failed to register again for 1933.

Respectfully,

Stewart G. Thompson

Director of Vital Statistics

HENRY HANSON, M. D.

Secretary, State Board of Health

Foreword

During the calendar year 1933, a total of 111 Doctors of Naturopathy registered as practitioners holding Florida licenses, as compared with the total of 108 for 1932, a total of 107 for 1931, a total of 105 for 1930, a total of 107 for 1929 and a total of 100 for 1928.

A complete alphabetical list appears, showing each doctor's name, address (as of registration date) and telephone number. A second list of doctors is shown by towns, for the convenience of those who wish to refer to the names in a particular city or town.

The information relative to telephone numbers, contained herein, was compiled by the Southern Bell Telephone Company, and should prove very convenient and profitable to the doctors in the state when placing local and long distance calls. In filing a long distance call, be prepared to give the operator the telephone number of the called party. This practice normally results in the more prompt completion of your call.

Chapter 12005, Acts of 1927 is reproduced in full, together with official opinions from the Attorney General pertinent to the interpretation of certain statements contained therein.

Chapter XXI, Compiled General Laws of Florida, 1927—Naturopathy, will be found in the back of this publication.

Chapter 12005, Acts of 1927

AN ACT to Require the Registration of All Physicians, Surgeons, Osteopaths, Chiropractics, Naturopaths, Midwives and All Others, Practicing the Medical and/or Material Healing Art in the State of Florida; to provide Fees for the same and Penalties for Violation.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF FLORIDA:

SECTION 1. That from and after the passage of this Act every license to practice medicine, osteopathy, chiropractic, naturopathy, midwifery and every other medical and/or material method of the practice of the healing art shall before the licensee begins practice thereunder be recorded in a book for that purpose in the office of the Clerk of the Circuit Court of the County in which he resides, or in which such practice is intended to be carried on with the name, residence, place and date of birth of the licensee and the source, number and date of his license to practice. Before registering, each licensee shall file, to be kept in a bound volume, in the office of the Clerk of the Circuit Court an affidavit of the above facts and also that he is the person named in such license and had before receiving the same complied with all the requirements as to examination required by law; that no money was paid for such license except the regular fee paid by all applicants therefor; that no fraud, misrepresentation or mistake in any material regard was employed by anyone or occurred in order that such license should be granted. The Clerk's fee for recording such license and affidavit shall be the same as for recording a Deed. The Circuit Clerk of each County shall make and report to the Secretary of the State Board of Health on the 31st day of December of each year of all certificates registered by him.

SECTION 2. That every person now lawfully engaged in the practice of medicine, osteopathy, chiropractic, naturopathy, midwifery and other medical and/or material systems of healing and every other person hereafter duly licensed to practice the same shall, on or before the 1st day of January of each year, apply to the Secretary of the State Board of Health for a Certificate of Registration upon a blank form to be furnished by such Secretary and shall pay at such time a fee of One ($1.00) Dollar.

SECTION 3. That every person in making his first registration hereunder, shall write or cause to be written upon the application blank so furnished by the Secretary of the State Board of Health, his full name, postoffice and residence address, the date and number of his license and such other facts for the identification of the applicant as a licensed practitioner as may be deemed necessary and shall duly execute and verify the same before an officer authorized to take acknowledgments of deeds, and shall file the same with the Secretary of the State Board of Health. Registration subsequent to the first registration need not be upon the sworn application unless the Board of Health in particular case, for reasons satisfactory to them, may require that the application be under oath.

SECTION 4. That the Secretary of the State Board of Health, on or before October 1st of each year after the first registration shall mail or cause to be mailed to each person so registered a blank form of application for registration, addressed to the last known post office address of such Registrant. The form of such application shall be such as to contain space for the insertion by the applicant of the information required by the provisions of this Act.

SECTION 5. The Secretary of the State Board of Health shall issue to any duly licensed physician, osteopath, chiropractor, naturopath, midwife and others duly licensed by any State Board to practice the medical and/or material healing art upon his application therefor, in accordance with the provisions hereof, a Certificate of Registration under the seal of the Board for the year ensuing and ending December 31st.

SECTION 6. Every holder of Registration Certificate granted hereunder, shall conspicuously display the same in his office at all times.

SECTION 7. Any person who fails or neglects to register as required by the provisions of this Act, or who shall violate the provisions of this Act, shall upon conviction thereof, be punished by fine of not more than Fifty ($50.00) Dollars.

SECTION 8. This Act shall take effect immediately upon its passage and approval by the Governor, or upon its becoming a law without such approval.

Approved by the Governor, May 28, 1927.

Official Opinions of the Attorney General

OPINION No. 17

REGISTRATION: VETERINARY DOCTORS

In Re: Whether Veterinarians Required to Register Under Chapter 12005, Acts of 1927, Laws of Florida

Chapter 12005, Acts of 1927, Laws of Florida, is entitled:

> "AN ACT to require the registration of all physicians, surgeons, osteopaths, chiropractics, naturopaths, midwives and all others practicing the medical and/or material healing art in the State of Florida; to provide fees for the same and penalties for violation."

There is nothing in either the title or the body of this Act which can be construed as applying to veterinary doctors or surgeons, and I am therefore of the opinion that veterinarians are not required to register under this act.

OPINION No. 18

REGISTRATION: NON-RESIDENTS

I am of the opinion that Senate Bill No. 75, Chapter 12005, Laws of 1927, contemplates that doctors, whether practicing or not, shall register annually with the State Board of Health.

The purpose of this registration seems to be mainly to preserve information as to the whereabouts of the physicians licensed to practice rather than a registration of those physicians actually engaged in practice. The statute says that all those licensed to practice who at the time the statute was enacted were lawfully engaged in the practice of medicine should register annually as required in the Act.

If a person applies for a license to practice medicine and engages in some other occupation he would probably be exempt from registration under the Act by notifying the jury to that effect.

OFFICIAL OPINIONS

OPINION No. 19

LICENSE RECORDED COUNTY WHERE PRACTICING

Section 1 of Senate Bill No. 75, approved May 28th, 1927, provides:

> "That from and after the passage of this Act every license to practice * * * shall before the licensee begins to practice thereunder be recorded in a book for that purpose in the office of the Clerk of the Circuit Court of the County in which he resides or in which such practice is intended to be carried on. * * *"

It is apparent from this provision, taken in connection with other provisions of the Act, that if a physician has his license recorded in the County in which he resides and intends to practice, it is necessary to have said license recorded in another County whenever he moves from one part of the State to another, or changes his abode from one part of the State to another, as the law requires that the license be recorded in the County "in which such practice is intended to be carried on."

OPINION No. 21

REGISTRATION: DENTISTS—PODIATRISTS

Chapter 12005, Acts of 1927, requires registration of every license to practice medicine, osteopathy, chiropractics, naturopathy, midwifery and every other medical and/or material method of the practice of healing art, before the licensee begins to practice.

I am of the opinion that the words: "every other medical and/or material method of the practice of the healing art," as used in this Act are words of general import which are limited by the specification of the particular words theretofore used and that the principle of noscitur a sociis or ejus idem generis applies and limits the general words to the same class of things as are covered by the specific words.

In short, podiatrists would be required to register as their practice is kindred and similar to the practice of medicine but is limited to a specific portion of the human body.

Dentists on the other hand, can hardly be called practitioners of the same kind of science as ordinary doctors, and, therefore, I think that they are excluded, unless, of course, the practice of dentistry is held to embrace the right to give treatments for human ailments due to correction of dental deficiencies. As I understand the same, some dentists do this and some dentists do not.

It is possible that there might be a distinction between the practice of dentistry and the ordinary practice of medicine. However, if the license of the dentist authorizes, and the practice of his science embraces a certain degree of surgery and therapeutic treatment such as would ordinarily be administered by a physician, a dentist would be as much within the requirement to register as would the podiatrist. As to dentists the question should be determined by a consideration of what the dentist is licensed to do under the rules and regulations of the Dental Board and the laws of Florida.

OPINION No. 22

REGISTRATION: ELECTRO - THERAPEUTISTS—PROFESSIONAL MASSEURS

Section 2 of Chapter 12005 requires all persons engaged in the practice of naturopathy to register with the State Board of Health. Section 1 of Chapter 12286, Acts of 1927, provides for the licensing of naturopaths. The practice of naturopathy is defined as including electro - therapeutics and would also seem to include professional masseurs, which practitioner would fall under the classification of those engaged in the practice of material health science used to aid in the purifying, cleansing and normalizing of the human tissues for the preservation of, and restoration of health.

OFFICIAL OPINIONS

Construing these two laws together it would appear that persons engaged in the practice of electro-therapeutics as well as professional masseurs are engaged in the practice of naturopathy and are, therefore, required to register as such under Chapter 12005, Acts of 1927.

OPINION No. 23

REGISTRATION: ELECTRO - THERAPEUTISTS—PROFESSIONAL MASSEURS

Answering your letter of February 2nd, requesting my opinion as to the status for registration of electro-therapeutists and professional masseurs, it seems to me clear from the provisions of Chapter 12286, Acts of 1927, that all electro-therapeutists and professional masseurs should have a certificate as such from the State Board of Naturopathic Examiners before they exercise the right to practice their respective professions as such if these two sciences use mechanical, psychological or material health sciences and to aid in purifying, cleansing and normalizing human tissues for the preservation or restoration of health according to the fundamental principles of anatomy, physiology, and applied psychology as it is apparent that they do.

Of course, if the Naturopathic Board of Examiners has not issued any license to electro-therapeutists and professional masseurs the provisions of Chapter 12005, Laws of Florida, requiring them to register certificates cannot be applied, as the purpose of Chapter 12005 was to secure the registration of all professional certificates relating to the healing art as a means of checking up on those who are practicing without any certificate as required by law.

OPINION No. 32

REGISTRATION HEALING ARTS—PENALTY

Physicians, surgeons, osteopaths, naturopaths, midwives or other persons practicing medical or material healing arts, who fail to comply with the provisions of Sections 3398 to 3403, Compiled Laws, 1927, relating to registration of all persons practicing the medical or material healing arts is subject to a prosecution for such failure but the failure itself will not prevent the practitioner from complying with the same and thereby avoiding liability for unlawful practice in the future.

I am, therefore, of the opinion that if an individual has failed to register for 1928 although engaged in practice, he is guilty of a violation of the statute, which may subject him to criminal prosecution, but yet at the same time there is nothing in the statute which authorizes the withholding from him of a 1929 registration or in requiring him to register for 1928, before he is authorized to register for 1929.

The purpose of the provisions of this Act as has been previously pointed out is to furnish a current record of those presently engaged in practice for the particular year in question.

There is nothing in the Act which prohibits a physician who practiced in 1928 without registration from now filing his registration for the year 1928 in order to have recorded the fact that he did practice during 1928 but such filing subsequent to the time fixed in the statute will not by itself exempt him from liability which he has already incurred from the practice without the proper registration.

OPINION No. 33

REGISTRATION HEALING ARTS—COMBINED

Answering your request of the 17th inst. for my opinion in the premises, I beg to advise that I am of the opinion that a requirement for registration of those licensed to practice medicine, osteopathy, chiropractics, etc., as found in Senate Bills Nos. 75, 77 and 366, all relate to one and the same registration although the requirement is repeated separately in each of these Acts.

Under this construction, it is not necessary that physicians register more than one time with the Bureau although there are two separate statutes which require such registration.

Compiled General Laws of Florida, 1927

CHAPTER XXI

Naturopathy

3469. **Naturopathy defined.**—For the purpose of this Chapter naturoeopathy and naturopathy shall be construed as synonymous terms and are hereby defined to mean the use and practice of psychological, mechanical and material health sciences to aid in purifying, cleansing and normalizing human tissues for the preservation or restoration of health, according to the fundamental principles of anatomy, physiology and applied psychology, as may be required. Naturopathic practice employs, among other agencies, phytotherapy, dietetics, psycho-therapy, suggesto-therapy, hydro-therapy, zone-therapy, bio-chemistry, external applications, electro-therapy, mechanotherapy, mechanical and electrical appliances, hygiene, first aid, sanitation and heliotherapy: Provided, however, that nothing in this Chapter shall be held or construed to authorize any naturopathic physician licensed hereunder to practice materia medica or surgery or chiropractic, nor shall the provisions of this Chapter in any manner apply to or affect the practice of osteopathy, chiropractic, Christian science, or any other treatment authorized and provided for by law for the cure or prevention of disease and ailments. (Ch. 12286, Acts 1927, § 1.)

3470. **Board; qualifications.**—A board is hereby created to be known as "The State board of naturopathic examiners." Said board shall be composed of three practicing naturopathic physicians of integrity and ability who shall be residents of this State, and who shall have graduated from a reputable naturopathic school, and shall have been engaged in the active practice of their profession within this State for at least one year prior to the passage of this Chapter, but none of them shall be connected in any way with or have any interest in naturopathic school or college. Said board shall perform such duties and be vested with and exercise such powers relative to the protection of the public health and the control and regulation of the practice of naturopathy in the State of Florida as shall in this Chapter be prescribed and conferred upon it. (Id. § 2.)

3471. **Board; how constituted.**—The Governor shall within thirty days after May 28, 1927, appoint three naturopathic physicians, who shall possess the qualifications specified in section 3470 as members of said board. The said members shall be appointed so that their terms of office shall expire one in two years, one in three years and one in four years from the date of their appointment. Upon the expiration of the term of office of each member of said board, or whenever a vacancy shall occur thereon, the Governor shall appoint a naturopathic physician to fill such vacancy. The members of said board shall hold office until their successors are appointed and qualified. (Id. § 3.)

3472. **Members of board; oath of office.**—Before entering upon the duties of said office, the members of the said board shall take the constitutional oath of office and shall file the same in the office of the Secretary of State; and there shall thereupon issue to him a commission pursuant to his appointment. At its first meeting, the board members shall issue to themselves a license under this Chapter to practice naturopathy, for which each member shall pay a fee of twenty-five dollars. (Id. § 4.)

3473. **Organization and meetings of board.**—Immediately after the appointment and qualification of said members, said board shall meet and organize. Said board shall elect a president, vice-president and secretary-treasurer from its membership. Said board shall hold two regular meetings each year, one in June and one in November, at some convenient place in the State, and on such date as the board may determine. Notice of such meetings shall be given by publication thereof once a week for four successive weeks in one or more newspapers of general circulation throughout the State. Special or call meetings may be held at such times and places and upon such notice as the majority of the board may determine. Said board shall adopt a seal which

must be affixed to all licenses issued by it. The board shall, from time to time, adopt such rules and regulations not inconsistent with this Chapter as it may deem necessary for the performance of its duties, and shall examine and pass upon the qualifications of applicants for the practice of naturopathy in this State as herein provided. The officers of the board shall have power to administer oaths, summon witnesses and take testimony as to matters pertaining to its duties. A majority of the members of said board shall constitute a quorum for the transaction of business. The secretary shall keep a record of all official actions and proceedings of the board, and said records shall be prima facie evidence of matters therein contained. (Id. § 5.)

3474. **Application for license; examination and admission.**—It shall be unlawful for any person to practice naturopathy in the State of Florida until he shall first receive a license so to do from the Florida State board of naturopathic examiners, and to this end he shall make application in writing to the secretary of the board, at least two weeks before any regular meeting of the board, or any special meeting that may be called for that purpose, in such form as the board may require for such examination and license. The said applicant shall furnish evidence, satisfactory to the board, that he is more than twenty-one years of age; that he is a citizen of the United States, or if foreign born, that he has taken all necessary steps to become a naturalized citizen of the United States, and that he is of good moral character; that he has completed a high school course and taken a three year course, of nine months each, or more (no two of which courses shall be taken in any one year) in a reputable, chartered school or college of naturopathy, wherein the curriculum of study included instruction in the following branches, namely: anatomy, physiology, histology, pathology, hygiene and sanitation, chemistry, diagnosis, symptomatology, non-surgical gynecology, mid-wifery, jurisprudence, first aid, philosophy and the science and practice of naturopathy. All examinations in said enumerated branches shall be in writing, but the applicant shall also be required to give a practical demonstration showing his knowledge and efficiency in such branches, as may be deemed necessary and practicable by the board. In the conduct of written examinations each applicant shall be designated by a number, instead of by his name, so that his identity shall not be disclosed to the members of the board until after the examination papers are graded. A license or certificate shall then be issued under the seal of the board, countersigned by members of the board, and authenticated by its secretary, to each applicant who shall pass said written examinations by a rating of seventy-five per cent on the questions provided in each of the subjects named, and who shall also have satisfied the members of said board by such practical demonstration as may be required of his fitness to practice naturopathy as defined by this Chapter. All applications for examination and license shall be accompanied by a fee of twenty-five dollars to be paid to the secretary-treasurer, and such fee shall not be returned to the applicant in the event of failure on examination: Provided, however, that said applicant may at the next regular meeting of the board, or at any special meeting of the board called for that purpose, again take the examination without the payment of an additional fee. Said board shall convene within sixty days after its appointment for the purpose of passing on the qualifications of the applicants practicing prior to the passage of this Chapter. No license shall be issued to an applicant unless the applicant passes a satisfactory examination. (Id. § 6.)

3475. **Temporary license.**—The board may in its discretion issue a temporary license to an applicant, whose qualifications and moral fitness to practice naturopathy may be made to appear to the satisfaction of the board, and said temporary license shall have the same force and effect as a permanent license until the next regular or special meeting of the board for examinations, and only until then, when said license shall become void. A temporary license shall not be recorded. (Id. § 7.)

COMPILED GENERAL LAWS OF FLORIDA, 1927

3476. **Fees.**—There shall be paid to the secretary-treasurer of the said board by each applicant for license by examination a fee of twenty-five dollars, which shall accompany the application. The said fee shall be charged for issuing a temporary license, which shall include the fee for examination for permanent license. No part of any fee is returnable under any circumstances or conditions, nor shall this Chapter be construed as affecting or changing laws in reference to license tax to be paid by physicians and surgeons. (Id. § 8.)

3477. **Registration fee.**—A fee of five dollars shall be paid by every person practicing naturopathy within this State on or before the first day of May of each year after a license is issued to such person, for a renewal of said license. The secretary-treasurer shall, thirty days before May first, of each year, send to all licensed naturopaths in this State a notice of the fact that such renewal will be due on or before the first day of May. Nothing in this Chapter shall be construed to require that renewals shall be recorded as original licenses are required to be recorded. (Id. § 9.)

3478. **Deposit of fees received; expenses; report of receipts and disbursements.**—All fees received under this Chapter shall be paid to the secretary-treasurer, who shall forthwith deposit the same, to the credit and for the use of the State Board of naturopathic examiners, and shall pay the same out only upon written orders issued and signed by the secretary-treasurer and president of said board. The expenses of the board in carrying out the provisions of this Chapter shall be paid out of this fund and the remainder to be divided equally among the members of the board, and not otherwise. The secretary-treasurer shall, on the first Tuesday of October, of every year, file with the Governor of the State a report of all receipts and disbursements and proceeds of said board for the fiscal year. The secretary-treasurer shall be required to give a good and sufficient bond in such amount and upon such terms and conditions as the board may require, said bond to be approved by the board. (Id. § 10.)

3479. **Recording license.**—All licenses issued as herein provided, shall be recorded in the office of the clerk of the circuit court of the county in which applicant practices, and the date of recording of same shall be indicated thereon. Said clerk shall keep a permanent record of the same, and shall receive a fee of one dollar for each license so recorded. (Id. § 11.)

3480. **Observance of regulations by naturopaths.**—Doctors of naturopathy shall observe and be subject to all State, county and municipal regulations in regard to the control of contagious and infectious diseases; the reporting of births and of deaths, and to any and all other matters pertaining to the public health in the same manner as is required of other practitioners of the healing art. (Id. § 12.)

7725. **Practicing naturopathy without license; penalty.**—Any person who shall practice or attempt to practice naturopathy or who shall use any of the terms or letters "naturopath," "natureopath," "naturopathic physician," "doctor of naturopathy," "N. D." or any other title, terms or letters under any circumstances whatsoever, so as to mislead the public to believe that the person so using such term or terms is engaged in the practice of naturopathy, without having complied with the provisions of sections 3469-3486, shall be guilty of misdemeanor, and upon conviction thereof, shall be fined not less than fifty dollars nor more than one hundred dollars, or be imprisoned in the county jail for not less than thirty days nor more than six months or both such fine and imprisonment, in the discretion of the court. (Ch. 12286, Acts 1927, § 13.)

3481. **Duty of prosecuting attorney to prosecute offenders against law.**—It shall be the duty of the prosecuting attorney of the county in which person practices, to prosecute under this Chapter: Provided, however, that nothing in this Chapter shall be considered as interfering with any person engaged in

such other methods of treatment or healing as are now regulated by law in the State of Florida. (Id. § 13.)

3482. **Accredited colleges.**—The board of naturopathic examiners are hereby empowered under this Chapter to pass upon the good standing and reputability of any naturopathic school or college, and in determining the reputability of any naturopathic school or college, the right to investigate and make a personal inspection of the same is hereby authorized. (Id. § 14.)

3483. **Powers of board.**—The said board shall have power to administer oaths, to summon witnesses, and to take testimony in all matters relating to its duties. Said board shall issue a license to practice naturopathy to all persons who shall furnish satisfactory evidence of attainments and qualifications under the provisions of this Chapter, and the rules and regulations of the board. Such license shall be signed by the president, and attested by the secretary-treasurer of the board under its adopted seal, and it shall give absolute authority to the person to whom it is issued to practice naturopathy in this State. Every unrevoked license and endorsement of recordation made as provided in this Chapter shall be presumptive evidence in all courts and places that the person therein named is legally licensed to practice naturopathy. It shall be the duty of the board to aid the prosecuting attorneys of the State in the enforcement of this Chapter. (Id. § 15.)

3484. **Refusal to grant licenses; revocations.**—The license or registration of a practitioner of naturopathy may be revoked, suspended or annulled, or such practitioner may be reprimanded, upon the following grounds:

(a) That he is guilty of fraud or deceit in the practice of naturopathy, or in his admission to the practice of naturopathy;

(b) That he has been convicted of a felony. The conviction of a felony shall be the conviction of any offense which, if committed within the State of Florida would constitute a felony under the laws of this State;

(c) That he is engaged in the practice of naturopathy under a false or assumed name, or the impersonation of another practitioner of a like or different name;

(d) That he is addicted to the habitual use of intoxicating liquors, narcotics or stimulants to such an extent as to incapacitate him for the performance of his professional duties;

(e) That he is guilty of untrue, fraudulent, misleading or deceptive advertising;

(f) Causing the publication or circulation of an advertisement of any modality by means whereby the monthly period of women can be regulated; or the menses, if suppressed, can be established;

(g) The procuring or aiding or abetting in procuring a criminal abortion. (Id. § 16.)

3485. **Proceedings; revocation.**—Proceedings for the revocation of a license or the annulment of registration shall be begun by filing written charges against the accused. These charges may be preferred by any person or the board may, on its own motion, direct the executive officer of said board to prefer said charges. Said charges shall be filed with the Secretary-treasurer of said board. Upon the filing of said charges as herein provided, the time and place for the hearing of same shall be fixed by said board as soon as convenient, and a copy thereof, together with notice of the time and place when they will be heard and determined, shall be served upon the accused at least ten days before the date actually fixed for said hearing. At said hearing the accused shall have the right to cross-examine

COMPILED GENERAL LAWS OF FLORIDA, 1927

the witnesses against him, and to produce witnesses in his defense, and to appear personally or by counsel. Said board may, upon satisfactory proof made that any licentiate has been guilty of any of the charges against him, suspend such licentiate from the practice of naturopathy, and call in the license of said licentiate upon a majority vote of the board: Provided, however, that such suspended naturopathic physician may have the proceedings of said board reviewed by certiorari, in the circuit court of the circuit in which said license is recorded. The accused shall have the right of trial de novo before the circuit court, and thereafter the court shall hear and determine the guilt or innocence of the accused, and unless the guilt of the accused shall appear beyond a reasonable doubt, the court shall render its decision in favor of the accused and restore him to all rights to practice under this Chapter. Said writ shall issue upon the petition of the person whose license has been revoked any time within ninety days after such revocation. Appeals from any decision of the circuit court may be taken to the Supreme Court of Florida in the same manner and subject to like condition as appeals in chancery are taken. In the event that any such license shall be revoked or registration annulled under the provisions of this Chapter, the said board shall forthwith transmit to the clerk of the circuit court in which said accused is registered as a naturopathic physician, a certificate, under its seal, certifying that such registration has been annulled and that such clerk shall, upon receipt of such certificate, file the same and forthwith mark such registration "annulled." (Id. § 17.)

3486. **Practicing without license.**—Any person who shall practice naturopathy after his license has been revoked and registration annulled, shall be deemed to have practiced naturopathy without a license: Provided, however, that at any time after six months after the date of said conviction, said board, by a majority vote, may issue a new license, or grant a license to the person affected, restoring to or conferring upon him all the rights and privileges of and pertaining to the practice of naturopathy as defined and regulated by this Chapter; that the fee therefor shall be the same as upon the issuance of the original license. (Id. § 18.)

7726. **Other offenses against law regulating practice of naturopathy.**—Any person who shall:

(a) Sell, or fraudulently obtain or furnish any naturopathic diploma, license, record, or registration, or aid or abet in the same; or

(b) Practice naturopathy under the cover of any diploma, license, record or registration illegally or fraudulently obtained or secured, or issued unlawfully or upon fraudulent representations; or

(c) Advertise to practice naturopathy under a name other than his own or under an assumed name; or

(d) Falsely impersonate another practitioner of a like or different name; and

Any person who, not being then lawfully licensed and authorized to practice naturopathy in this State, shall

(a) Practice or advertise to practice naturopathy;

(b) Use in connection with his name any designation tending to imply or to designate him as practitioner of naturopathy; and

(c) Any person who shall practice naturopathy during the time his license is suspended or revoked,

Shall upon conviction be punished by a fine of not more than one thousand dollars, or imprisonment for not more than five years, or by both such fine and imprisonment, in the discretion of the court. (Id. § 19.)

MEMBERS STATE BOARD CHIROPODY EXAMINERS

Members of this Board appointed and commissioned under the provisions of Chapter 15911, Laws of 1933.

Otto J. L. Tonissen, Jacksonville

Thos. J. Henchey, West Palm Beach

Herbert Lewy, Tampa

Information concerning members constituting above Board submitted by Honorable R. A. Gray, Secretary of State, February 16, 1934.

Letter of Transmittal

FLORIDA STATE BOARD OF HEALTH
CENTRAL BUREAU OF VITAL STATISTICS

Jacksonville, Florida, March 1, 1934

SIR:

I transmit herewith the Annual Report on the registration of Chiropodists who are licensed to practice in this State, which is the sixth annual compilation of such information prepared by the Bureau of Vital Statistics. It is based on original applications filed as provided for in Chapter 12005, Laws of Florida, Acts of 1927. A copy of this report has been placed in the hands of each person who registered as indicated in the official list herewith. A small supply of the report has been placed on file to be given out to individuals who may be licensed during the current year.

This sixth annual report contains a complete list showing the names and addresses of individuals who have registered for the calendar year 1933. I am also transmitting to you in a separate report, a complete list of those who registered for 1932 but failed to register again for 1933.

Respectfully,

Stuart G. Thompson

Director of Vital Statistics

HENRY HANSON, M. D.

Secretary, State Board of Health

Foreword

During the calendar year 1933, a total of 66 Chiropodists registered as practitioners holding Florida licenses, as compared with the total of 66 for 1932, a total of 63 for 1931, a total of 65 for 1930, a total of 66 for 1929 and a total of 65 for 1928.

A complete alphabetical list appears, showing each doctor's name, address (as of registration date) and telephone number. A second list of doctors is shown by towns, for the convenience of those who wish to refer to the names in a particular city or town.

The information relative to telephone numbers, contained herein, was compiled by the Southern Bell Telephone Company, and should prove very convenient and profitable to the doctors in the state when placing local and long distance calls. In filing a long distance call, be prepared to give the operator the telephone number of the called party. This practice normally results in the more prompt completion of your call.

Chapter 12005, Acts of 1927 is reproduced in full, together with official opinions from the Attorney General pertinent to the interpretation of certain statements contained therein.

Chapter 15911, Laws of Florida, 1933—Chiropody, will be found in the back of this publication.

Chapter 12005, Acts of 1927

AN ACT to Require the Registration of All Physicians, Surgeons, Osteopaths, Chiropractics, Naturopaths, Midwives and All Others, Practicing the Medical and/or Material Healing Art in the State of Florida; to provide Fees for the same and Penalties for Violation.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF FLORIDA:

SECTION 1. That from and after the passage of this Act every license to practice medicine, osteopathy, chiropractic, naturopathy, midwifery and every other medical and/or material method of the practice of the healing art shall before the licensee begins practice thereunder be recorded in a book for that purpose in the office of the Clerk of the Circuit Court of the County in which he resides, or in which such practice is intended to be carried on with the name, residence, place and date of birth of the licensee and the source, number and date of his license to practice. Before registering, each licensee shall file, to be kept in a bound volume, in the office of the Clerk of the Circuit Court an affidavit of the above facts and also that he is the person named in such license and had before receiving the same complied with all the requirements as to examination required by law; that no money was paid for such license except the regular fee paid by all applicants therefor; that no fraud, misrepresentation or mistake in any material regard was employed by anyone or occurred in order that such license should be granted. The Clerk's fee for recording such license and affidavit shall be the same as for recording a Deed. The Circuit Clerk of each County shall make and report to the Secretary of the State Board of Health on the 31st day of December of each year of all certificates registered by him.

SECTION 2. That every person now lawfully engaged in the practice of medicine, osteopathy, chiropractic, naturopathy, midwifery and other medical and/or material systems of healing and every other person hereafter duly licensed to practice the same shall, on or before the 1st day of January of each year, apply to the Secretary of the State Board of Health for a Certificate of Registration upon a blank form to be furnished by such Secretary and shall pay at such time a fee of One ($1.00) Dollar.

SECTION 3. That every person in making his first registration hereunder, shall write or cause to be written upon the application blank so furnished by the Secretary of the State Board of Health, his full name, postoffice and residence address, the date and number of his license and such other facts for the identification of the applicant as a licensed practitioner as may be deemed necessary and shall duly execute and verify the same before an officer authorized to take acknowledgments of deeds, and shall file the same with the Secretary of the State Board of Health. Registration subsequent to the first registration need not be upon the sworn application unless the Board of Health in particular case, for reasons satisfactory to them, may require that the application be under oath.

SECTION 4. That the Secretary of the State Board of Health, on or before October 1st of each year after the first registration shall mail or cause to be mailed to each person so registered a blank form of application for registration, addressed to the last known post office address of such Registrant. The form of such application shall be such as to contain space for the insertion by the applicant of the information required by the provisions of this Act.

SECTION 5. The Secretary of the State Board of Health shall issue to any duly licensed physician, osteopath, chiropractor, naturopath, midwife and others duly licensed by any State Board to practice the medical and/or material healing art upon his application therefor, in accordance with the provisions hereof, a Certificate of Registration under the seal of the Board for the year ensuing and ending December 31st.

SECTION 6. Every holder of Registration Certificate granted hereunder, shall conspicuously display the same in his office at all times.

SECTION 7. Any person who fails or neglects to register as required by the provisions of this Act, or who shall violate the provisions of this Act, shall upon conviction thereof, be punished by fine of not more than Fifty ($50.00) Dollars.

SECTION 8. This Act shall take effect immediately upon its passage and approval by the Governor, or upon its becoming a law without such approval.

Approved by the Governor, May 28, 1927.

Official Opinions of the Attorney General

OPINION No. 17

REGISTRATION: VETERINARY DOCTORS

In Re: Whether Veterinarians Required to Register Under Chapter 12005, Acts of 1927, Laws of Florida

Chapter 12005, Acts of 1927, Laws of Florida, is entitled:

> "AN ACT to require the registration of all physicians, surgeons, osteopaths, chiropractics, naturopaths, midwives and all others practicing the medical and/or material healing art in the State of Florida; to provide fees for the same and penalties for violation."

There is nothing in either the title or the body of this Act which can be construed as applying to veterinary doctors or surgeons, and I am therefore of the opinion that veterinarians are not required to register under this act.

OPINION No. 18

REGISTRATION: NON-RESIDENTS

I am of the opinion that Senate Bill No. 75, Chapter 12005, Laws of 1927, contemplates that doctors, whether practicing or not, shall register annually with the State Board of Health.

The purpose of this registration seems to be mainly to preserve information as to the whereabouts of the physicians licensed to practice rather than a registration of those physicians actually engaged in practice. The statute says that all those licensed to practice who at the time the statute was enacted were lawfully engaged in the practice of medicine should register annually as required in the Act.

If a person applies for a license to practice medicine and engages in some other occupation he would probably be exempt from registration under the Act by notifying the jury to that effect.

OFFICIAL OPINIONS

OPINION No. 19

LICENSE RECORDED COUNTY WHERE PRACTICING

Section 1 of Senate Bill No. 75, approved May 28th, 1927, provides:

> "That from and after the passage of this Act every license to practice * * * shall before the licensee begins to practice thereunder be recorded in a book for that purpose in the office of the Clerk of the Circuit Court of the County in which he resides or in which such practice is intended to be carried on. * * *"

It is apparent from this provision, taken in connection with other provisions of the Act, that if a physician has his license recorded in the County in which he resides and intends to practice, it is necessary to have said license recorded in another County whenever he moves from one part of the State to another, or changes his abode from one part of the State to another, as the law requires that the license be recorded in the County "in which such practice is intended to be carried on."

OPINION No. 21

REGISTRATION: DENTISTS—PODIATRISTS

Chapter 12005, Acts of 1927, requires registration of every license to practice medicine, osteopathy, chiropractics, naturopathy, midwifery and every other medical and/or material method of the practice of healing art, before the licensee begins to practice.

I am of the opinion that the words: "every other medical and/or material method of the practice of the healing art," as used in this Act are words of general import which are limited by the specification of the particular words theretofore used and that the principle of noscitur a sociis or ejus idem generis applies and limits the general words to the same class of things as are covered by the specific words.

In short, podiatrists would be required to register as their practice is kindred and similar to the practice of medicine but is limited to a specific portion of the human body.

Dentists on the other hand, can hardly be called practitioners of the same kind of science as ordinary doctors, and, therefore, I think that they are excluded, unless, of course, the practice of dentistry is held to embrace the right to give treatments for human ailments due to correction of dental deficiencies. As I understand the same, some dentists do this and some dentists do not.

It is possible that there might be a distinction between the practice of dentistry and the ordinary practice of medicine. However, if the license of the dentist authorizes, and the practice of his science embraces a certain degree of surgery and therapeutic treatment such as would ordinarily be administered by a physician, a dentist would be as much within the requirement to register as would the podiatrist. As to dentists the question should be determined by a consideration of what the dentist is licensed to do under the rules and regulations of the Dental Board and the laws of Florida.

OPINION No. 22

REGISTRATION: ELECTRO - THERAPEUTISTS—PROFESSIONAL MASSEURS

Section 2 of Chapter 12005 requires all persons engaged in the practice of naturopathy to register with the State Board of Health. Section 1 of Chapter 12286, Acts of 1927, provides for the licensing of naturopaths. The practice of naturopathy is defined as including electro - therapeutics and would also seem to include professional masseurs, which practitioner would fall under the classification of those engaged in the practice of material health science used to aid in the purifying, cleansing and normalizing of the human tissues for the preservation of, and restoration of health.

OFFICIAL OPINIONS

Construing these two laws together it would appear that persons engaged in the practice of electro-therapeutics as well as professional masseurs are engaged in the practice of naturopathy and are, therefore, required to register as such under Chapter 12005, Acts of 1927.

OPINION No. 23

REGISTRATION: ELECTRO - THERAPEUTISTS—PROFESSIONAL MASSEURS

Answering your letter of February 2nd, requesting my opinion as to the status for registration of electro-therapeutists and professional masseurs, it seems to me clear from the provisions of Chapter 12286, Acts of 1927, that all electro-therapeutists and professional masseurs should have a certificate as such from the State Board of Naturopathic Examiners before they exercise the right to practice their respective professions as such if these two sciences use mechanical, psychological or material health sciences and to aid in purifying, cleansing and normalizing human tissues for the preservation or restoration of health according to the fundamental principles of anatomy, physiology, and applied psychology as it is apparent that they do.

Of course, if the Naturopathic Board of Examiners has not issued any license to electro-therapeutists and professional masseurs the provisions of Chapter 12005, Laws of Florida, requiring them to register certificates cannot be applied, as the purpose of Chapter 12005 was to secure the registration of all professional certificates relating to the healing art as a means of checking up on those who are practicing without any certificate as required by law.

OPINION No. 32

REGISTRATION HEALING ARTS—PENALTY

Physicians, surgeons, osteopaths, naturopaths, midwives or other persons practicing medical or material healing arts, who fail to comply with the provisions of Sections 3398 to 3403, Compiled Laws, 1927, relating to registration of all persons practicing the medical or material healing arts is subject to a prosecution for such failure but the failure itself will not prevent the practitioner from complying with the same and thereby avoiding liability for unlawful practice in the future.

I am, therefore, of the opinion that if an individual has failed to register for 1928 although engaged in practice, he is guilty of a violation of the statute, which may subject him to criminal prosecution, but yet at the same time there is nothing in the statute which authorizes the withholding from him of a 1929 registration or in requiring him to register for 1928, before he is authorized to register for 1929.

The purpose of the provisions of this Act as has been previously pointed out is to furnish a current record of those presently engaged in practice for the particular year in question.

There is nothing in the Act which prohibits a physician who practiced in 1928 without registration from now filing his registration for the year 1928 in order to have recorded the fact that he did practice during 1928 but such filing subsequent to the time fixed in the statute will not by itself exempt him from liability which he has already incurred from the practice without the proper registration.

OPINION No. 33

REGISTRATION HEALING ARTS—COMBINED

Answering your request of the 17th inst. for my opinion in the premises, I beg to advise that I am of the opinion that a requirement for registration of those licensed to practice medicine, osteopathy, chiropractics, etc., as found in Senate Bills Nos. 75, 77 and 366, all relate to one and the same registration although the requirement is repeated separately in each of these Acts.

Under this construction, it is not necessary that physicians register more than one time with the Bureau although there are two separate statutes which require such registration.

General Laws of Florida, Acts of 1933

CHAPTER 15911—(No. 54)

Chiropody

AN ACT Defining and Regulating the Practice of Chiropody, Providing for the Examination and Licensing of Chiropodists, Providing for exemptions From This Act, Creating a Board of Chiropody Examiners, Providing Penalties for the Violation of This Act, Repealing Laws in Conflict Herewith and Fixing the Date upon Which This Act Becomes Effective.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF FLORIDA:

SECTION 1. DEFINITION.—Chiropody shall mean the diagnosis, medical, surgical, palliative, and mechanical treatment of ailments of the human foot or leg, except the amputation thereof; and shall include the use and prescription of local anesthetics.

SECTION 2. On and after the passage of this Act, it shall be unlawful for any person to profess to be a chiropodist or to practice or assume the duties incident to chiropody without first obtaining from the State Board of Chiropody Examiners, a Chiropody License. All persons before being licensed to practice chiropody in the State of Florida, shall make application upon a blank form authorized and furnished by the Board of Chiropody Examiners hereinafter created, to the Secretary-Treasurer of said Board of Chiropody Examiners, which license shall be granted to such applicants after they shall have furnished satisfactory proof of being at least twenty-one years of age and of good moral character, but only upon compliance with the following conditions:

SECTION 3. REGISTRATION OF CHIROPODISTS WITHOUT EXAMATION.—Within sixty days after the enactment of this Act, every practitioner of chiropody, who has heretofore been licensed and to whom an unrevoked certificate of qualification has been issued under Chapter 12197 otherwise known as Senate Bill No. 87, known as an Act regulating the practice of podiatry, passed by the Legislature in the year 1927, and approved by the Governor on May 26th, 1927, shall be registered and issued a certificate of qualification without examination, if he or she shall present to the State Board of Chiropody Examiners, before the first day of October, A. D. 1933, satisfactory proof that he or she at the time of application is duly registered and licensed in accordance with the above mentioned Act and upon the payment of a fee of $5.00, shall receive in testament thereof, a certificate signed by the Chairman and Secretary-Treasurer of the said Board of Chiropody Examiners and countersigned by the Secretary of the State Board of Medical Examiners. All applications for registration shall be made upon blanks furnished by the Secretary-Treasurer of the Board of Chiropody Examiners and shall be signed and sworn to by the applicant. Any bonafide citizen of Florida who has been engaged in the practice of chiropody for the last two years, in Florida, shall be entitled to receive a license from said Board without examination.

SECTION 4. REGISTRATION BY EXAMINATION.—Any person not entitled to registration, as aforesaid, who shall furnish to the Board of Chiropody Examiners, satisfactory proof that he or she is twenty-one years of age or more and of good moral character, and shall present a diploma from a chiropody or podiatry school, which school required for graduation a course of study of at least two years, said school to be approved by the Board of Chiropody Examiners, and to pass an examination to be conducted by said Board in the studies of anatomy, chemistry, dermatology, diagnosis, materia-medica, pathology, physiology, surgery and clinical and orthopedic podiatry, limited in scope to the treatment of the foot and leg. Minimum requirements for license shall be a general average in the said examinations of seventy-five per cent in all subjects involved and not less than fifty per cent in any one subject, and pay an examination fee of $25.00, which shall accompany the application, to the Secretary-Treasurer of the Board of Chiropody Examiners. Any applicant

GENERAL LAWS OF FLORIDA, ACTS OF 1933

failing to pass the requirements shall be entitled within six months to a re-examination upon payment of an additional fee of $10.00. But two such re-examinations shall exhaust the privilege under the original application. Upon the payment of a fee of $50.00, a license without examination may be issued to any person licensed to practice chiropody in any other State maintaining equal statutory requirements and extending the same reciprocal privileges to Chiropodists of the State of Florida.

SECTION 5. This Act shall not apply to licensed physicians or surgeons in this State nor to surgeons of the Army, Navy and Public Health Service, when in actual performance of official duties, nor to the commercial sale of the customary foot appliances in retail stores.

SECTION 6. For the purpose of carrying out the provisions of this Act, the Governor shall, as soon as convenient after the passage of this Act, appoint a Board of Chiropody Examiners to consist of three chiropodists, actively engaged in said practice in the State of Florida, and the Secretary of the State Board of Medical Examiners who shall ex-officio act as executive officer of the said Board of Chiropody Examiners; the first member appointed by the Governor on said Board of Chiropody Examiners shall serve for a term of one year, the second member appointed on said Board of Chiropody Examiners shall serve for a term of two years, and the third member appointed on said Board of Chiropody Examiners shall serve for the term of three years and thereafter members of the said Board shall be appointed for a term of three years.

SECTION 7. Every license shall be conspicuously displayed at the place of practice and must be recorded in the office of the Clerk of the Circuit Court of each county wherein the licensee practices, within thirty days of its issue A renewal license fee of $5.00 shall be paid annually to the Secretary-Treasurer of the Board of Chiropody Examiners, and if not paid within three months, the license shall be revoked and shall only be reinstated upon original application and examination. Every renewal certificate shall be displayed in connection with the original license. All licensees shall be designated as licensed chiropodists and shall not use any title or abbreviation thereof without the designation "Chiropodist, practice limited to foot and leg," thus indicating a limitation of professional qualifications to treat human ailments.

SECTION 8. The Governor shall have the power to remove from office members of the Board of Chiropody Examiners for neglect of duties as required by this Act, or for malfeasance in office and incompetency, or for unprofessional conduct. The Governor shall have the authority to fill any vacancy caused by the removal of any member of the Board of Chiropody Examiners or by his resignation, or death, all such appointees to be practicing chiropodists in the State of Florida. The Board of Chiropody Examiners shall within two weeks after their appointment meet at some convenient place in the State of Florida and shall then elect a President from their own members and a Secretary-Treasurer. The Secretary-Treasurer shall give to the Governor of the State of Florida a penal bond in the sum of $1,000.00 with sufficient sureties to be approved by the Governor for the faithful discharge of his duties. The Board of Chiropody Examiners shall hold at least two examinations in each year, beginning with October 1st, 1933, and such additional meetings not exceeding three each year at such times and places as the executive officer shall direct.

SECTION 9. Any person violating any of the provisions of this Act, upon conviction thereof, shall be punished by a fine of not exceeding $500.00 or by imprisonment in the County Jail not exceeding six months.

SECTION 10. All laws or parts of laws in conflict herewith are hereby repealed.

SECTION 11. This Act shall become effective upon its approval by the Governor of the State of Florida or upon its becoming a law without such approval.

Approved May 31, 1933.
